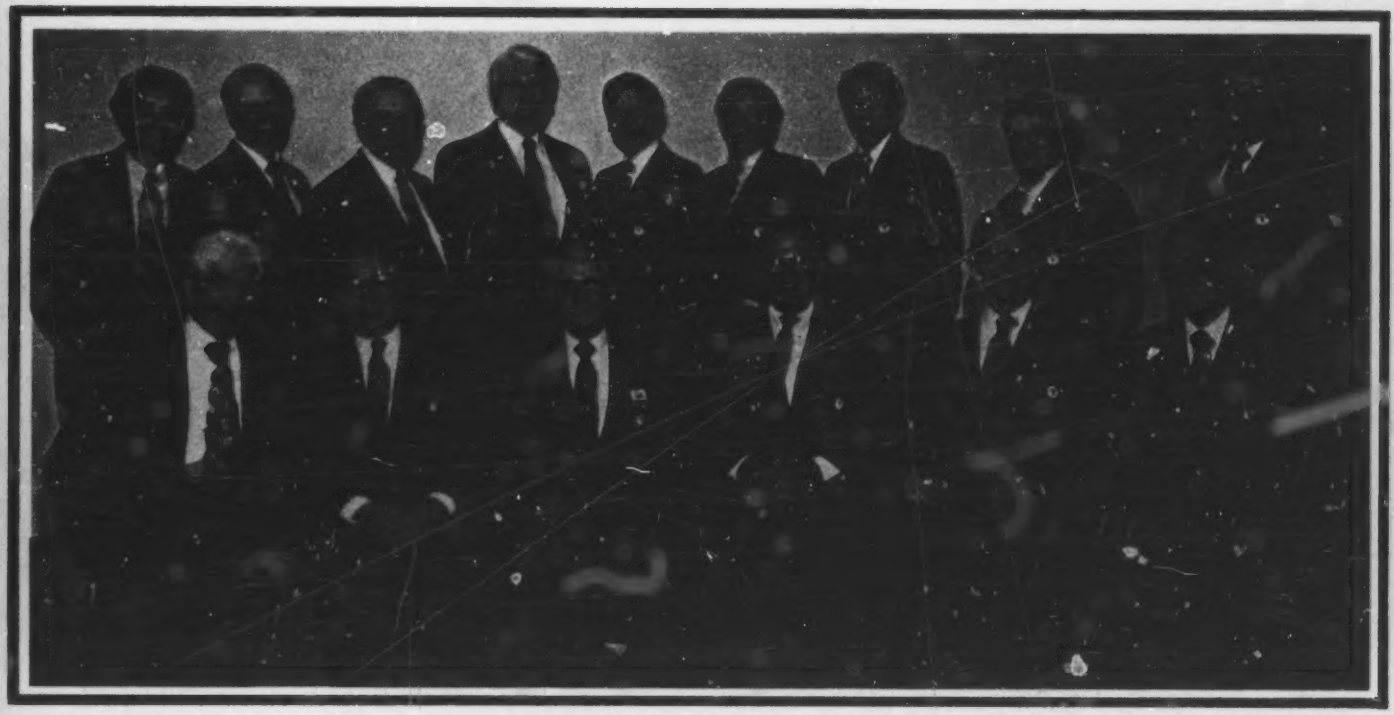
American Bowling Congress



1982-1983 ANNUAL REPORT

ANNUAL REPORT

Fiscal Year Ended July 31, 1983

Our 88th Year

Page	Subject
1	ABC Board of Directors
2	A Review of ABC's 88th Season
4	ABC Convention Highlights
12	ABC Convention Delegates
16	ABC Financial Report
19	Summary, ABC Dues-Fees
36	ABC Membership/Lane Certification
Cover 3	ABC Committees/Staff Directory

About the Cover . . .

It was an impressive sight when 15 members of the American Bowling Congress Hall of Fame were present for 1983 induction ceremonies as part of ABC Convention week in Niagara Falls, N.Y. Seated (from left) were Andy Varipapa, Sam Weinstein, John Martino, Joe Norris, Frank Baker and George Billick. Standing (from left) were Jim Stefanich, Les Zikes, Steve Cruchon, Vince Lucci, Bill Lillard, Ray Bluth, Dick Weber, Chuck Pezzano and Tony Lindemann.

American Bowling Congress

5301 South 76th Street • Greendale, Wisconsin 53129

Board of Directors, 1982-83

EXECUTIVE OFFICERS

President
Julian O. Johnson ..... New Orleans, La.

Vice Presidents
H. Wesley Bogle ..... Kendall Park, N.J.
William D. DeHaven ..... Dayton, Ohio
Paul O. Mohn ..... Silver Spring, Md.
Joseph T. Dahl ..... Portland, Ore.
Edward W. Sweeney Sr. ..... St. Louis, Mo.
Eugene E. Adams ..... Cincinnati, Ohio
Max D. Skelton ..... Ada, Okla.
Boyd M. Pexton ..... Salt Lake City, Utah
Henry J. Lapinski ..... Philadelphia, Pa.
Thomas W. McKay .... St. Clair Shores, Mich.

ADMINISTRATIVE OFFICERS

Executive Secretary-Treasurer
Roger H. Teesman ..... Milwaukee, Wis.

Assistant Executive Secretary-Treasurer
Burton W. Kellermann ..... Milwaukee, Wis.

SECRETARY EMERITUS

Frank K. Baker ..... Milwaukee, Wis.

DIRECTORS

George E. Barnes ..... Norton, Ohio
James D. Beckett ..... Yakima, Wash.
Jerry L. Beltz ..... Anchorage, Alaska
John G. Birdwell ..... Ft. Wayne, Ind.
Dr. Chester W. Bixby ..... Erie, Pa.
Chris Brugnola ..... Jersey City, N.J.
Verrill F. Burgin ..... Toledo, Ohio
Paul L. Chaffin ..... Columbus, Ohio
William G. Chestnut ..... Springfield, Ill.
Thomas F. DeChalus ..... Deer Park, N.Y.
Walter E. Delozier ..... Wichita, Kan.
Joseph F. Ferguson ..... Brooklyn, N.Y.
Richard W. Finke ..... Minneapolis, Minn.
Edwin W. Fisher ..... Houston, Texas
Robert W. Girts ..... Poland, Ohio
William H. Hall Sr. ..... Chicago, Ill.
Robert M. Halleen* ..... Peoria, Ill.
Pedro R. Hernandez ..... Billings, Mont.
James R. Hilliker ..... Woodland, Calif.
Hiroto Hirashima ..... Honolulu, Hawaii
Robert A. Hollencamp* ..... Dayton, Ohio

President Johnson

HONORARY MEMBERS

Clarence P. Andersen ..... Dover, N.H.
William W. Franklin ..... Los Angeles, Calif.
Robert B. Nelson ..... Seattle, Wash.

Charles D. Howell ..... Idaho Falls, Idaho
John J. January ..... Nashville, Tenn.
Theodore M. Jaskie ..... Brown Deer, Wis.
Wesley G. Kidwell ..... Indianapolis, Ind.
Kenneth F. Knapp ..... Los Angeles, Calif.
Gerald L. Koenig ..... Shawano, Wis.
James T. Lusk ..... Jamestown, ND.
Duncan G. Macpherson ..... Albany, N.Y.
James M. Maher ..... Denver, Colo.
Wallace E. Matthew ..... Bay City, Mich.
Ted F. Melonis ..... Omaha, Neb.
Richard D. Merrill ..... Hudson, N.H.
Clifford R. Munson ..... Miami, Fla.
John R. Nevada ..... Rochester, N.Y.
Francis O'Malley* ..... Burke, Va.
Jack A. Otero ..... Santa Barbara, Calif.
Blase P. Palumbo ..... Buffalo, N.Y.
Joseph Pausea Jr. ..... Syracuse, N.Y.
Walter R. Payment ..... Greenville, S.C.
H.L. (Buzz) Prettyman* ..... El Cajon, Calif.
G. Walton Roberson ..... Tucson, Ariz.
Stephan Robutka ..... East Hartford, Conn.

PAST PRESIDENTS — LIFE MEMBERS

John O. Martino ..... Syracuse, N.Y.
Dr. Joel G. Bernhard ..... Columbus, Ohio
Matthew R. Bennie ..... Forest Heights, Md.
Harry G. Sherwood .... Santa Barbara, Calif.
Gilbert L. Adamowski ..... Chicago, Ill.
Herman C. Rider ..... Sebring, Ohio
Conn O. Wilson ..... Chandler, Texas
George W. Kampfen ..... Bethel Island, Calif.
Rex J. Brown ..... Birmingham, Ala.
Joseph A. Robelotto ..... Albany, N.Y.
Maurice J. Hayes ..... Rochester, N.Y.
Lowell E. Rothschild ..... Tucson, Ariz.
C. Dayle Vannoy ..... Lubbock, Texas
Charles J. Roesch ..... Buffalo, N.Y.
Raymond V. Arnold ..... Jackson, Mich.
Jack C. Moore ..... Champaign, Ill.

LIFE MEMBERS

John T. Henry ..... Minneapolis, Minn.
Kenneth B. Hurley ..... Watertown, Wis.
Bertil W. Lindgren ..... Spokane, Wash.
Robert W. Lyons ..... Erie, Pa.
Renus H. Lytle ..... Mason City, Iowa
Albert R. Matzelle ..... Milwaukee, Wis.
Herman W. Muesing ..... Ft. Wayne, Ind.
Lester H. Shirey ..... Fond du Lac, Wis.
T.J. Van Patten ..... Nashville, Tenn.
Mark Westerman ..... Youngstown, Ohio

Lawrence Schafer ..... Macon, Ga.
John L. Settelen ..... Philipsburg, Pa.
Michael G. Shenesky ..... Zelionpole, Pa.
John Sieren* ..... Ft. Worth, Texas
Carroll L. Stonehouse ..... Gd. Rapids, Mich.
James J. Sullivan ..... Chicago, Ill.
Kenneth R. Taylor ..... Richardson, Texas
Gerald F. Teesman ..... Maplewood, Minn.
Marvin H. Townsend ..... Kansas City, Mo.
David R. Tuell ..... Tacoma, Wash.
Robert P. Turner ..... Mississauga, Ont.
William E. Vitense ..... Madison, Wis.
Glenn E. Weaver ..... Sunnyvale, Calif.
Max Weinstein ..... Louisville, Ky.
Dirk Wheat ..... Waterloo, Iowa
Bryant W. White ..... Odessa, Texas
Richard N. White ..... Jackson, Mich.
Calvin C. Whitmore ..... Moline, Ill.
Robert Wiesmuller ..... Detroit, Mich.
George Zeidell ..... San Diego, Calif.

*Directors-at-Large — Nonjurisdictional

A Review of ABC's 88th Season

The glory of representing the United States as a bowler in the Olympic Games became a future possibility during the 1983 American Bowling Congress Convention in the Niagara Falls (N.Y.) International Convention Center.

The record 1,313 delegates approved two resolutions leading toward the Olympic goal to highlight the 1982-83 season which saw ABC membership dip slightly but still remain above 4.5 million men.

The Niagara Falls Convention Center also was the site for one of bowling's biggest surprises in 1983 when Maryland school teacher Mike Lastowski overcame a field loaded with top professionals and nonprofessionals to win the ABC Masters by Columbia 300 and Winston Bowling Series.

The 40 specially installed lanes hardly had been completed before history was made on the opening squad of the 80th ABC Tournament. Fran Bax of Niagara Falls rolled an 833 series in the team event, topping the previous record of 804 for three games in any event.

A resolution indicating ABC's desire to obtain membership on the U.S. Olympic Committee was approved by the convention delegates, and it also stated that ABC would create an annual national amateur tenpin championship tournament in compliance with Olympic eligibility requirements. The second resolution amended the ABC articles of incorporation to state the Congress is interested in all levels of competition but fosters amateur tenpin competition. No guidelines for the national tenpin tournament were offered.

The ABC Awards Study committee approved a program which would allow members to purchase a gold ring for the 300 game and 800 series awards. Bowlers who already have the current ring would be eligible to turn it in and receive credit toward the cost of a gold ring.

Mike Lastowski (center) displayed a championship smile and the Frank K. Baker trophy after winning the 1983 ABC Masters. He was flanked by the other television finalists (from left), Les Schissler, Earl Anthony, Pete Weber and Ernie Schlegel.

MEMBERSHIP was 4,556,907, down 128,129 from the previous season but still keeping the total over the 4.5 million mark for the eighth straight year. ABC, in its 88 years of operation, continues to be the world's largest sports membership organization. Membership also decreased in the Women's International Bowling Congress to 3,947,229, a drop of 117,632. The decrease in membership for the ABC and WIBC was less than 3% each.

The total number of bowlers serviced out of Bowling Headquarters was 9,269,388. That figure included 765,252 bowlers in the Young American Bowling Alliance, the new youth bowling organization which became a reality on Aug. 1, 1982. Included in the YABA total were 6,544 special members as handicapped youngsters.

The Collegiate Division, under the YABA banner for the first time, had a membership figure of 16,318, a decrease of 2,413 from 1981-82.

California remained the top men's state association in membership, with Florida the lone state which ranked in the top 10 to show an increase. The only ranking change in the state top 10 saw Michigan and Ohio exchange places in third and fourth, respectively. There were no changes in the ranking of the top 10 local associations, with Detroit again No. 1. California had 420,629 members, while Detroit had 146,034, both down from a year ago. Florida showed an increase of 1,289 members.

Seven local associations among the top 25 enjoyed membership rises, with two of them located in California, another "sunshine state." Orange County moved up to 11th place and Los Angeles jumped two spots to 12th. Another local association moving up two places was Rochester, N.Y. to 15th.

New York City, the fifth largest local association, showed the best numerical increase by adding 1,293 members. Other associations among the top 10 with more members were Nation's Capital Area (4th), Houston (9th) and Denver (10th).

During the season, 105 new establishments were constructed with 1,757 lane beds. In 82 other establishments 874 lanes were replaced, added or reinstated. Overall, ABC certified 8,767 establishments, a decrease of 83 from 1981-82, and 158,204 lane beds, a decrease of 500. The average number of lanes in an ABC certified establishment was 18.05, an increase from last season's 17.23.

The ABC Legal and Legislative committee found no change in the pattern of recent years — an increase in its workload. 1,265 bowlers were suspended indefinitely, 235 more than the previous season, with 128 suspended for one year, a drop of 22. The 154 cases held in abeyance constituted an increase of 33. The committee reinstated 132 bowlers and denied five other reinstatements. Another 205 were given amnesty, and 69 cases either had no action taken or were dismissed.

ALTHOUGH the ABC Tournament spanned 100 days and offered a record prize fund of $1,222,200, the biggest excitement happened either early or late.

The Regular team division attracted a record 5,987 teams, but it took just one squad to determine a champion when Doug Heim's Niagara Frontier Bowling Supply claimed the title on the opening squad with 3286. The 25 year old Bax led the way with his 833 on games of 256, 298, and 279, and he set another new standard with 32 strikes during the series. The other scores for Niagara Frontier were Stan Cielepak 673, Doug Heim 613, Cliff Saliba 598 and Craig Rice 569. Their victory marked the first time the team championship was decided on consecutive squads. Carl's Bowlers Paddock of Cincinnati won the 1982 title on the final team squad.

Bax was in command for a second championship with 2058 in all events, but he lost the $2,500 prize on the 98th day of the tournament when Tony Cariello of Chicago rolled 276 in his final game of singles to post a 2059 all events total.

The singles and doubles champions also had long waits to see if their scores

would survive. Rickey Kendrick of Springfield, Ill. claimed the singles crown with 735 on March 27. Rick McCardy and Tony Loiacano of Detroit saw their doubles score of 1382 on March 4 hold up for more than two months. McCardy set the pace with a 731 series while Loiacano had 651. It was the second doubles championship for Loiacano, who earned the 1966 title with Bob Kwiecien.

Kendor Corp. No. 1 of Milwaukee captured the team all events championship to become the first repeat winner in the Regular division since 1950. Kendor won with 9358 after prevailing a year earlier in Baltimore with 9498. Gary Daroszewski led the way with 1943, while Darold Meisel had 1897, Terry Kulibert 1885, Rich Wonders 1822 and Bob Larson 1811.

Good Sports of Greenville, N.C. claimed the Booster team title with 2824, marking the second straight year Booster honors went to a North Carolina fivesome.

The ABC Tournament entry figures of 34,952 for singles, 17,476 for doubles and 33,283 for all events each ranked second on the alltime list.

Lastowski, 38, qualified No. 2 for the televised (Mizlou Network) stepladder finals of the Masters, and he defeated the Professional Bowlers Assn. alltime money winner, Earl Anthony, 242-200, in the semifinal match. Lastowski then secured the $40,500 championship check by beating Pete Weber, 202-189. The Masters again offered pro bowling's richest first prize and a total purse of $200,000.

Bowlers from opposite ends of the age scale shared the spotlight during Masters week, as the National Seniors and Association of College Unions-International tournaments were conducted on the ABC lanes. The senior event included bowlers from the ABC and WIBC for the second straight year. Winners in the 24th annual ABC Seniors were: A Division (70 and over), William Perham, Arizona; B Division (65-69), Charles Reed, Nebraska; C Division (60-64), J.C. Jensen, Montana; D Division (55-59), George Haushahn, Missouri. Mike Jasnau of Fishkill, N.Y., a junior at Wichita State University, won the ACU-I all events title.

Rod Toft of St. Paul, Minn., the "just missed" man in two previous Trials, was the leading qualifier in the U.S. Team Trials in Milwaukee, an event which saw

Fran Bax received congratulations after rolling a record 633 series in the ABC Tournament.

the top six men and women earn the right to represent the United States in the Federation Internationale des Quilleurs World championships later in 1983 in Caracas, Venezuela.

Toft had to settle for an alternate role in both the 1977 and 1981 Team Trials, but the 38 year old righthander did it up right in '83 by posting 7191 (including 110 bonus points) to pace the 34 game event. Wonders, of Racine, Wis., and Meisel came in for more honors by also earning spots on the U.S. team. Meisel, of Milwaukee, was runnerup to Toft, while Wonders, a member of the U.S. team in the 1981 FIQ American Zone championships, qualified fifth. The team was rounded out by Rod McLean of Baltimore, Gordon Vadakin of Wichita, Kan. and Cariello.

TWO former teammates from Illinois, Jim Stefanich of Joliet and Les Zikes of Palatine, and Steve Cruchon of Detroit boosted the ABC Hall of Fame list to 114 when they were inducted on March 17 during Convention week at the ABC Tournament. Stefanich, 41, and Zikes, 48, were added in the performance section, while Cruchon, 68, was admitted in the meritorious service section.

THE National Bowling Council Education committee was developing a training program for instructors to train inspectors in both lane certification and lane dressing inspection techniques. The NBC program evolved into the first Certified Lane Inspection workshop on July 19-22 at Bowling Headquarters. While the program was developed by the NBC Education committee, it will be administered by the ABC and WIBC. The ABC Testing and Research department continued with tests to gather and evaluate data for a new lane dressing measuring gauge. A concept was being developed that the research and testing effort be directed at the bowling environment — lane surfaces, finish/dressing, balls and pins — as a system. This effort not only would come from the department, but from making use of outside technological agencies.

For the first time in several years, there was a reduction in some categories of awards issued for honor scores during the 1982-83 season. While the number of 300, 299 and 298 games continued to rise, big series declined. The number of 800 series dropped slightly to 1,169 from 1,197. There were 59,635 awards for 700 series, compared to 98,595 in 1981-82, but the big dip occurred because of a procedural change. In 1982-83, a bowler was eligible to receive an award for only his first 700 series of the season. In previous seasons, bowlers were eligible to receive an award for each 700 series they rolled. 300 games topped 6,000 for the first time with 6,030, up 81, with 3,063 299 games, up 90, and 1,536 298 games, up 94.

However, part of the organizational restructuring of the Congress proved most beneficial in the processing of high score applications. A separate High Scores Processing department was created to take some of the load off the Rules department, resulting in faster processing of honor scores.

THE closing workshop session of the Convention saw the presentation of 11 Service Awards to local association officials by ABC president Julian Johnson.

Construction continued on the National Bowling Hall of Fame and Museum in downtown St. Louis, with a projected opening date for the spring of 1984. Pledges continued to be made for the 50,000 square foot structure, including $300,000 from Coca-Cola USA.

Daniel Nadeau, a 17 year old high school senior from Las Vegas, Nev. at the time, received the fourth annual Chuck Hall Star of Tomorrow award, honoring him as the top junior bowler in the nation.

299, 298 Awards Retained; Minimum Pin Weight Increased

The 299 and 298 awards remained in effect, and the minimum pin weight was increased by four ounces. Those were two of the more noteworthy amendments acted upon by the record 1,313 delegates attending the American Bowling Congress Convention March 18 in the Niagara Falls (N.Y.) International Convention Center.

The delegates rejected an amendment to eliminate the 299 and 298 awards, an issue which had been deferred from the 1982 Convention. The wording of the amendment contended that 299s and 298s were "nothing but glorified 11-in-a-rows," but there were countering arguments centered upon the difficulty of stringing 11 strikes from the start of a game.

Gaining approval was an amendment to increase the minimum pin weight for standard wood and plastic coated (wood core) pins from 3 pounds, 2 ounces to 3 pounds, 6 ounces, effective Aug. 1, 1985. The maximum will remain at 3 pounds, 10 ounces.

Two amendments dealing with lane dressing proposals were turned down, and a resolution was approved to retain the present lane dressing rule until a better procedure is discovered.

In all, the delegates approved 13 amendments and five resolutions, while rejecting seven amendments. Three amendments were withdrawn.

H. Wesley Bogle of Kendall Park, N.J. was elected as the 70th ABC president, and Ted F. Melonis of Omaha, Neb. was elected 10th vice president. New jurisdictional directors elected for one year terms were: Tom Stoma Jr., Lafayette, La.; Thomas K. Mahaulu, Hilo, Hawaii; William J. Bacon, Lubbock, Texas; Richard A. Yoakum, Columbus, Ohio; John E. Bulger, Steilacoom, Wash.; Burle M. Lewis, Middletown, Pa.; and Eugene H. Kline, Midland, Mich.

Condensed Convention Minutes

The 1983 American Bowling Congress Convention of the officers, board of directors and delegates was convened at 9 a.m. in the Niagara Falls International Convention Center in Niagara Falls, N.Y. on March 18, 1983.

ABC president Julian O. Johnson officially opened the meeting and introduced Donald Thurman, who sang the National Anthem, and Msgr. Francis Weldgen, who gave the invocation.

Memorial services were narrated by Tony Quaranto, secretary of the Niagara Falls Bowling Assn., and he was accompanied by Benson Pergrano and buglers from the Shawnee Indian Drum and Bugle Corps directed by Ken Boyle.

Welcoming messages were delivered by Niagara Falls Mayor Michael O'Laughlin and James Phillips, president of the Niagara Falls Chamber of Commerce.

Mrs. Helen Baker, president of the Women's International Bowling Congress, said the ABC and WIBC share an interest in getting people to join sanctioned leagues. To get the word out, she said both organizations must adopt a form of advertising. "You have to communicate the enthusiasm that you have and particularly today when dollars for recreation and sport are scarce," she said. She also urged the promotion of the National Bowling Hall of Fame and Museum after taking a recent tour during construction in St. Louis.

Jim Wyckoff, president of the Bowling Writers Association of America, used his own area of Little Rock, Ark. as an example of where diligence paid off in better media coverage for bowling. He stressed the importance of following up that coverage with telephone calls and letters to express appreciation.

Harry Wells, Bowling Proprietors Association of America president, had words of praise for the cooperation among bowling organizations to bring about the new National Bowling Council lane inspection training program. He expressed appreciation for the respect shown by ABC leaders toward the business aspect of the game and the impact certain rules could have as they relate to the business side of bowling.

Bud Fisher, Professional Bowlers Assn. public relations director, said the PBA tour continues to grow in terms of prize money, which will top $5 million in 1983, and in viewer interest which puts the winter and spring tours on ABC television through 1984 as well as USA Cable carrying the summer and fall tours in '83. He noted the PBA is celebrating its 25th anniversary and expressed thanks to ABC for helping to make the PBA an integral part of the overall industry.

NBC executive director Lance Elliott talked about three major objectives: 1. To make people who do not bowl aware of the benefits and the excitement of the game; 2. To increase the number and frequency of casual bowlers so they become league bowlers, and 3. To increase the number of sanctioned league bowlers.

Elliott said NBC's first priority in the area of education and training is the Lane Inspection Workshop to make the basic lane inspection procedures more accurate, uniform and credible. He added that NBC had begun a major film production program with the Athletic Institute consisting of four instructional films. NBC was continuing its association with collegiate bowling and helping to promote the Young American Bowling Alliance. He also mentioned two joint promotion projects with Quaker Oats and Eveready Battery to provide bowling discounts during the summer season with the primary purpose of attracting new bowlers.

PRESIDENT JOHNSON: At this time I would like to appoint special committees that may be needed during the convention.

Conference committee: John Conway, Idaho Bowling Assn.; Don Rohman, St. Louis; Stan Schreier, Southeast District California; Henry J. Lapinski, ABC Legal committee; Thomas W. McKay, ABC Rules committee, and William D. DeHaven, ABC Legislative Study committee.

The Ballot committee: Jim Bevins, Knoxville, Tenn.; Web Sheridan, Los Angeles, and Jack Hinton, Winston-Salem, N.C.

The Credentials committee: Bill Fisher, Houston; Jim Hilliker, Woodland, Calif., and Walter Payment, Greenville, S.C.

I would also like to call to your attention that no guests or alternates should be on the lower floor, but should be in the seats provided for those guests and alternates.

Gentlemen, I would like to call on our executive secretary-treasurer for roll call.

ROGER H. TESSMAN, ABC executive secretary-treasurer: Mr. President, our staff has been registering delegates since yesterday and at the present time there are 1,202 registered and this constitutes a quorum.

PRESIDENT JOHNSON: I also would like to call on Mr. Tessman for reading of the minutes of the last meeting.

DUNCAN MACPHERSON, Albany, N.Y.: I make a motion that we dispense with the reading of the minutes and accept them as published. Seconded by Ken Krueger, Tonawanda, N.Y.

PRESIDENT JOHNSON: It's been moved and seconded that we dispense with the reading of the minutes and we accept the minutes as published. All those in favor signify by saying aye. Those opposed, no. So ordered.

Since I spoke to you one year ago, many good things have developed for the American Bowling Congress. Many of these are still in formation stages, while others are in full operation.

The one most pleasing to me personally is the lane inspection training program being developed by the National Bowling Council. This program is the result of all bowling family members working together to help in reducing the lane conditioning problem.

The fact that within a reasonable period of time there will be hundreds and later thousands of highly qualified and officially accredited people to make the inspections for certifications and lane dressing distribution will create awareness among all members of the bowling family.

To know that the manufacturers, suppliers and other member organizations have been equally enthusiastic in making this program a success adds more credence to my belief.

To better serve the members, our board of directors took a major step to assist executive secretary-treasurer Roger Tessman in restructuring the inner workings of our organization.

With the assistance of the Organizational Structure committee, Mr. Tessman created four Group Executive positions, one of which has yet to be filled, and placed direct responsibilities for some areas with assistant secretary Burt Kellermann.

In so doing, we have created a multiple unit organization of management that will allow him to be far more productive in the overall management of the Congress.

This structure allows for more decision making by all department managers, yet it does not take away any of the responsibilities of the executive secretary-treasurer. It also makes him more accessible to all staff members.

Also, this new structure allows our employes to grow in their jobs, be more responsive and move forward in the Congress.

One of the immediate benefits of the new structure is the creation of the High Score Processing department. The processing of awards was previously handled by the Rules and Awards departments. With this new department fully operational, the Rules department has been able to return to the handling of rule matters and the Awards department to the work of issuing approved awards.

The High Score Processing department already has shown its value. Turnaround time from when award applications and lane inspection reports are received at Bowling Headquarters to the time awards are mailed to the recipients has been greatly reduced. With the exception of unique cases, most bowlers can receive their awards within four weeks after a claim and report arrives at ABC Headquarters. When you consider the increased volume of award applications that these people deal with each week, this is quite an accomplishment.

Another benefit to the administrative area has been the appointment of an Advisory committee which is available for periodic counsel and advice. Also, the newly created Convention Activity committee has met twice to offer suggestions and study recommendations that can make this annual meeting a more beneficial time for you, the delegates. Innovations are being planned and hopefully some will be introduced at the 1984 convention in Reno.

Our Finance and Budget committee has allocated funds which will enable the New Equipment committee to work with independent research firms who possess technological expertise to study characteristics relative to pins, balls, as well as lane surface finishes.

A highly regarded research organization has been contacted to either confirm or question the validity of our previous studies.

We believe that the information that has been developed by our past and present testing people and our technical advisors is correct, but some of the information has been challenged. If we have been right, but because of technical advances we are no longer right, we will be the first to stand up and say, 'changes are needed and we will make whatever changes are necessary.'

I believe that is the general attitude of the staff and the board members of the Congress. We are interested only in what is good for the game. If we are proven wrong on any matter, we will make the needed changes because we are in the business of service to you and your hometown bowlers.

Another happy subject is the Young American Bowling Alliance. The merger that you gentlemen approved became a reality on Aug. 1, 1982 and is thriving. There are still areas where this program must be improved, but overall this is the best thing that has been done for the young people in a long time.

A year ago I stood before you and pledged to stop lane blocking. I knew it would not be easy and that it could not be accomplished during my term. I cannot predict exactly when properly dressed lanes can be found in every bowling center, but based on the progress that has been made during the past year in plans for training, research and procedure improvement, I feel confident that proper lane conditions will become a reality much sooner than many expect.

Dedication, hard work and most of all, patience from all of us will carry us over this period into a bright new era.

I want to thank all of you for your support, particularly my friend and first vice president Wes Bogle, as well as my predecessor, Jack Moore. And a special thanks to the ABC staff, Roger Tessman and Burt Kellermann.

It has been a most interesting year of my life and I firmly believe that the best is yet to come.

Now the report of the executive secretary-treasurer.

TESSMAN: This is Burt's and my first occasion to report to you as your executive secretary and your assistant and we are certainly very pleased and privileged to be able to do so. I am not going to go through our whole report because it is in your books and we are interested in saving some time. However, I would like to excerpt some things from it, because they are immensely important in our scheme of doing things and what is being projected for future work.

And in that regard, both Burt and I are firmly convinced our first responsibility is of course to you and to the members, and our immediate goals are to provide more and better service. Our officers and directors, in carrying out their committee assignments, have refined programs to keep the members better informed. Additionally, programs are being developed in the area

association officials as well as provide a refresher course for our veteran officials. Projections on these programs are presented in the various committee reports.

Our Education department, working with the Education and Long Range Planning committees, will undertake implementation of these programs. We will, where necessary, utilize outside agencies to insure timely developments of the materials. We also will solicit your comments and suggestions, because they are most important. If the tools are to be effective, they need to be workable in your minds. Therefore, we urge you to attend the workshop session here tomorrow, because these programs will be discussed in greater detail by our staff at that time.

And now to kind of tie into some of what Julian had to say in his report, we want to give you a preview of some things that are already starting to be implemented. This of course is in the test and research area, where we are projecting two significant departures from prior practices.

Number one, introductory steps to utilize the technological strength of the research and development entities within the United States as an extended arm of our Research and Testing facility. Two, develop the concept that the research and testing effort be directed at the bowling environment: lane, finish, dressing, ball and pins as a system. The use of outside agencies and organizations to further our efforts in maintaining the high standards of bowling as a competitive sport as well as a recreational activity is necessary for timeliness and independency in this area.

We cannot afford to follow the path of end on end developments, because the technology impact in bowling is accelerating. Consequently, to accomplish our objectives, we must seek additional help from the high technology firms available today. In so doing, a secondary benefit will accrue to our organization, in that such firms will provide us with an audit of the standards and technologies that ABC currently has in place. Their expertise will automatically be applied to our standards as we attempt to improve upon them. They will give us an impartial opinion of the soundness of the methodology we have used to build the existing system of specifications.

We feel confident that these opinions will confirm the correctness of the cornerstones of our standards; but we will, where necessary, take corrective action when the facts identify any area of weakness or inaccuracy.

Simply stated, gentlemen, we are willing to submit the cornerstones of the equipment specifications to in depth evaluation and we invite all others who have data to produce their facts so the information can be included for similar scrutiny.

I think that last sentence is a rather important one and if you would, it might be well to circle it in your book. There are those that question things. Questions are wonderful. Suggestions are wonderful. But let's have the facts, because that's what you have to deal with when you are working on specifications.

Gentlemen, Burt and I would like to say to each of you and to your counterparts all around the country that you are in fact the people that make this great organization go. We are indebted to you and appreciative of your efforts and we sincerely thank you for all your help. Thank you.

PRESIDENT JOHNSON: The next item on the agenda is a report from the National Bowling Hall of Fame and Museum by Albert R. Matzelle.

MATZELLE: Roger and Burt very generously offered us some time on your workshop tomorrow morning to chat with you about the Hall of Fame, so we can save some very precious time here this morning. However, I would like to take this opportunity to acknowledge and thank Anheuser-Busch for its very generous leadership gift of $500,000 that was made to the Hall of Fame/Museum at our groundbreaking ceremonies in St. Louis last April.

That was just the beginning. Its support is ongoing through the Budweiser Hall of Fame tournament with which all of you are familiar. And I am pleased that Bill Selman of the Anheuser-Busch sports marketing group is with us today. Thanks to all of you, for your ongoing support.

PRESIDENT JOHNSON: The ABC Chuck Hall Star of Tomorrow Award was instituted four years ago and annually honors an outstanding young man from the bowling community. Since this is awarded to only one young man out of the thousands who bowl, it is to some degree symbolic, but for the most part recognizes one who stands out among his fellow bowlers. It is, therefore, a rare honor. Candidates must display superior bowling ability and potential, good sportsmanship, high scholastic achievements and a pleasing personality to be considered. The winner then is truly exceptional. The 1983 Star of Tomorrow fills all these requirements amiably.

The young man who is with us today is an exceptional bowler and an outstanding person. Dan Nadeau from Las Vegas is a spectacular representative of the young bowlers of today. Dan's bowling honors are many. He has to his credit high series of 790, 782 and 799. His high games include three sanctioned 300 games and one 299. His highest average was 215 and he is currently averaging 201 in one league and 200 in another.

He has won bowling tournaments at the house, local and state levels and this year hopes to go to Washington,

ABC president Julian Johnson made his address to the delegates at the legislative session of the 1983 Convention in the Niagara Falls International Convention Center.

D.C. to compete in the National Junior Bowling Championships. He holds state records, the first of which he set as a Bantam bowler. In addition, he sets a good example for his peers by always displaying good temperament and excellent sportsmanship.

Gentlemen, I am proud to give to you Daniel Nadeau, the 1983 Chuck Hall Star of Tomorrow. I would like to ask Chuck Hall to escort the honoree to the podium and assist me in presenting his award.

NADEAU: I would like to thank the ABC, the YABA and especially Chuck Hall for this award. It is something that every junior bowler could want in life and they achieve if they can. And it's just something that's really great and I would like to thank Chuck Hall especially for it.

PRESIDENT JOHNSON: And now for the Young American Bowling Alliance report from Chuck Hall.

HALL: I would like to introduce Dan's very proud parents that came from Las Vegas with him to see him receive the award, Janet and Ron Nadeau.

This morning a number of individuals have already referred to the birth of the newest member of the bowling family, the Young American Bowling Alliance. Very quickly today, I am very pleased to tell you that newborn babe is alive, well and growing. Many things we stand here today and relate to you that have happened during this year of transition is the youth bowling program. However, I think most of you are aware of most of those: The many changes that were necessary, the many people that had to be influenced, the many people that had to be re-educated to a degree.

I think the 800,000 projected membership (presently we are at 677,000 members) in this first year of YABA's existence proves that what we did in unifying the youth programs, both the Youth and Collegiate divisions, that we have done the right thing.

And especially I think the success of YABA proves the old adage that you heard me quote to your convention a number of years ago, that getting together was a beginning, keeping together is progress and working together is success. We have proven that in this first year of the existence of the unified youth bowling program. And gentlemen, your counterparts in the WIBC, along with the bowling proprietors, coaches and all of us that work for the kids of this country in our great game of American tenpins, if we continue to just keep together and work together, I have great and high hopes for a great successful future for youth bowling in this country and for the Young American Bowling Alliance, and we thank you for all that you have done.

PRESIDENT JOHNSON: There comes a time in life when a special moment occurs, an event that has not been experienced before by any of us here today.

Back in December 1932, young John Martino of Syracuse, N.Y. was appointed to the American Bowling Congress Executive committee. That's the equivalent of today's board of directors.

Just before Christmas last December, that same John Martino celebrated 50 years as a member of the ABC board of directors. That is an unprecedented accomplishment. The closest we can come to an ABC longevity record appears to belong to the late Frank Fitzpatrick of Oakland, Calif., the ABC president during the 1939-1940 season, with 47 years.

John Martino has been honored many times throughout bowling's history, much of the time for his excellence on the lanes, where he has bowled in 53 ABCs as well as cited earlier this week as the Bowling Writers Association of America celebrated its 50th birthday. John was BWAA's first president in 1934.

Today we are not here to talk about his ABC Hall of Fame credentials, that he was one of America's first international stars, or that he bowled off of the wrong foot and wore sneakers instead of bowling shoes in the early days.

In honoring John Martino today, we are bringing this man who loves bowling before the people he has worked with and worked for all these many years, the delegates and officers and directors of the American Bowling Congress.

John served as ABC president during the 1947-48 season. He was elected at the Los Angeles convention. He barely missed working on the board with the late Abe Langtry, who retired shortly before John came into the ABC family. But he has worked with executive secretaries Elmer Baumgarten, Frank Baker, Al Matzelle, Ken Hurley and now Roger Teesman. That's five of the ABC's seven administrative leaders throughout our 88 years of existence.

He's worked for thousands of the delegates and millions of bowlers during his 50 years, always with a goal to make bowling the best sport and ABC the best organization.

We feel John has succeeded. Through his 85 years on this earth, John Martino has been a special contributor, a person who cares. He truly is one of you, first serving as local association officer, then local president and state president.

Today is our turn to say thank you to John, to tell him that we all care about him. John Martino, would you please come forward and receive a token of ABC's appreciation, for the love we all feel for one of our own. And fellow delegates, would you please show John Martino how we all feel about this special man. John, I am happy to present to you this photo album, which I know you will be able to fill with the many photos of bowling's history which you have accumulated over the years and are so proud to have and we hope that you will enjoy placing those photos in this album that we are presenting to you here today.

MARTINO: It was a day or two before Christmas of 1932. Following an exchange of correspondence, I received notification from Elmer Baumgarten, ABC president and acting secretary, that he had appointed me a member of the ABC Executive committee to fill a vacancy. Several years later, it became the board of directors. Baumgarten served as ABC secretary during two critical periods, the Great Depression and World War II.

I accepted appointment with certain reservations. I had recommended Hurlbut W. Smith, who was difficult for me to match his credentials; first president of the Syracuse Bowling Assn., president of L.C. Smith Typewriter Co., president Syracuse University board of trustees, president of the Syracuse Auto Club, to name only a few of his prestigious associations.

However, at the time I did not realize how deeply I would become involved in bowling and to the degree I would become indebted to the great game of American ten pins. Now, 50 years later, I am indebted to bowling to an even greater degree. Obviously I will never be able to pay the debt. Time is running out.

Thanks to almighty God, who has spared but not struck me for four score and five years. I am grateful to bowling in general and to ABC in particular for having provided the opportunities of visiting nearly all parts of the United States and several European countries. If it weren't for bowling, I doubt I would have traveled

outside of New York State.

I am indebted to bowling for the privilege of having served alongside many dedicated and unselfish officials, directors and staffs of the American Bowling Congress, New York State and the Syracuse associations. To each and every one of them, thanks a million for their confidence, recognition, tolerance, genuine friendship and other courtesies.

Where else except in this great country of ours, land of hope and opportunity for millions, could all this happen to a three year old immigrant from sunny Italy who, with his parents of blessed memory, was welcomed to this country by France's gift to the USA, Miss Liberty, at the beginning of the 20th century.

God bless you and bowlers everywhere. The Good Lord permitting, hope to see you all in Reno next year.

PRESIDENT JOHNSON: Now the summary of the committee reports given by assistant secretary-treasurer Burt Kellermann.

KELLERMANN: Complete reports have been furnished to you in your delegate books and we hope that you will take the time to review them completely and to share them with members of the board of directors when you return to your local communities.

The Awards Study committee reports the results of its study of deferred amendment No. 8 from last year's convention dealing with the deletion of the ABC award recognition for 298 and 299 awards and is moving the amendment for the elimination of the two awards. The committee also recommends our 300 award remain unchanged, but that the 11-in-a-row award be upgraded. Detailed reasons for the committee's recommendation are covered in the report and more information will be furnished to you later.

Another committee action, chevrons have been made available for the singles, all events and state doubles champions of State tournaments. They plan a discussion on present ABC awards at Saturday's workshop.

The Education committee authorized staff to proceed with a number of new educational programs, directed at improving the informational system for both the local association office and the league bowler. Several of these will be available for the 1983-84 season, including an updated and expanded association manual. Also targeted for the 1983-84 season is an ABC officers manual, along with changes in the slide programs "Working for a Better League Operation" and "ABC Sanctioning Authority," as well as the film of "Behind the Line" which tells the ABC story.

Work on the development of a booklet on problem situations is continuing. A sample booklet will be available for delegates along with a questionaire designed to give additional direction on this project. For the 1984-85 season, the league secretary and league president's booklets will be available and will replace the current league officers kit.

The committee expressed confidence that these booklets will present the more informational and attractive package and be more ecomonical to produce. The committee report concludes with a review of the current status and future plans to improve the service awards program.

As a result of discussions on the convention floor last year, the Finance and Budget committee has provided each of you with the latest audit report and a simplified comparative balance sheet, along with a summarized operating statement. Also included in your delegate's book is the 1982-83 budget. Each year you and your association presidents and secretaries receive an annual report and the December issue of BOWLING magazine includes a financial report. Please share these with your association's board of directors. Next year's delegates will find this information helpful when they examine the financial statements included in their delegate books.

Sound financial management decisions and continued postponement of staffing resulted in a better year end result than had been projected. Interest from investment captial was $230,000 greater than budget, primarily because the average rate of interest on investments was 14⅛%, considerably above the projections. So instead of the projected deficit for the 1981-82 fiscal year, we actually had almost $100,000 greater than expenses and reserves. The 1982-83 budget projects total income of $732,976 greater than expenses and reserves. We are pleased to report that as of January 31, 1983, we are within budget. Variances are within acceptable limits.

The dues increase made it possible to implement reorganizational changes, targeted to improve our service to members and to the local association. Long range plans can now be systematically implemented. One component of long range planning is earmarked reserves. These reserves were almost zero one year ago. After careful analysis, reserves were replenished or established by the Finance and Budget committee. The program of reserves provides the necessary resources for staff to plan effectively, particularly where this planning is in cooperation with others in the bowling industry.

Operating costs continue upward, but staff does an excellent job of cost containment. A revised format of cost center reporting provides a sound approach for realistic budgeting and provides a basis for holding managers accountable for performance within their budgets. Staff has responded favorably and we already see some improved cost effectiveness. It also will provide for a far better system of identifying needed adjustments in providing services to our members.

For the first time, the Finance and Budget committee met with the auditors to review both the audit and the management letter. The management letter contains a number of suggestions which the executive secretary-treasurer either has implemented or is implementing. To further strengthen control procedures, the committee adopted a number of policies to provide guidance to the executive staff and the officers and future expenditures decision making.

Four subcommittees of the Finance and Budget committee have been appointed – Audit, Employment Compensation, Investments and Reporting. Such division of labor will save money by reducing the time required for meetings of the full committee, while at the same time providing more effective oversight on the use of assets of the ABC.

The Future Planning committee points out its concern over the direction ABC must take to keep pace with an ever changing society, and continues to be successful as a service organization. Other points discussed in the committee's report include activity relating to the changeover to the individual membership plan, which will become the only plan for processing membership starting next season, a status report on the utilization of IBM 5120 computers at the local level, an increase in the number of associations that are self processing and the opportunities for these associations to maintain an inventory of chevron awards, and results of the test program involving on-site presentation of ABC club awards at state tournaments.

In other actions, a subcommittee has been appointed to study the development of software and alternative maintenance programs for associations currently operating on the 5120. Also it will continue to look into a number of marketing opportunities available to the American Bowling Congress.

The High Score and Awards Review committee reports that the number of cases referred to it continues to increase. 554 cases were reviewed, of which 202 involved member's claims which could not be administratively approved because the league was not sanctioned prior to the score being bowled. The committee approved claims where there was evidence the league voted to sanction. The other 319 cases involved claims where recognition of scores bowled on conditions which did not comply with ABC requirements. When the committee determined the distribution of dressing on the lanes did not comply, it had no alternative but to deny recognition.

Included in the committee report is a list of current leaders for the fiscal year awards and the number of high games and chevron awards distributed during the 1982-83 season through Jan. 31, 1983.

Plans have been completed for three international events, including our first opportunity to compete in the Pan-American Games, the International Competition committee reported. The ABC and WIBC have agreed to send two representatives each to the Pan-Am Games scheduled to be conducted next August. The 7th United States Team Trials will be conducted in Milwaukee in July, when 24 men and 24 women will compete for six berths each on the team which will bowl in the 10th FIQ World tournament in Venezuela next October. 10 Men from the 1982 ABC Tournament all events list already have qualified for the Trials and the 10 highest non-professionals from the 1983 tournament will join them. Four college all events champions also are eligible.

The 1983 Tournament of the Americas will be conducted in Miami, Fla. this August. The 1983 ABC singles champion and the highest scoring member of the doubles champions will represent ABC and the United States at this event, if they are nonprofessionals.

In a more recent development, the committee points out that ABC and WIBC are actively pursuing the possibility of obtaining membership in the United States Olympic Committee.

The Lane Inspection Procedure committee advises it was formed because of continuing misunderstanding of lane conditioning requirements and lane dressing inspection procedures. At its first meeting, the committee reviewed the history of lane conditioning requirements and inspection procedures and evaluated instructional aids used to keep association representatives and the industry up to date on current requirements. The committee noted that while some areas had little or no problem with maintaining proper procedures, many other areas did.

In addition to the need for continuing educational efforts to combat the problem, the committee concluded this issue was not solely an ABC problem, but a responsibility that must be shared by the industry. While acknowledging that the cure is not imminent, the committee recommends greater effort be made to qualify inspectors for annual certification and lane dressing distribution inspections, and that ABC continue its efforts to locate or aid in the development of equipment capable of determining the amount of dressing distribution on the lane surface.

In a subsequent meeting with a like committee of WIBC, it was agreed that the National Bowling Council be asked to participate in the implementation and development of training programs for certification of lane dressing inspections. As a result, an NBC committee of ABC, BPAA, WIBC and PBA representatives and manufacturers was appointed and is developing a training program to qualify instructors to train other individuals in both lane certification and lane dressing inspection techniques.

The Legal and Legislative committee pointed to economic times as one reason for league fund shortages reaching an alltime high. Another major cause was failure of the league president to perform his duty. The committee has often expressed concern about the delay in processing suspension cases where nonpayments of league dues were involved. An amendment for handling such cases will be before you and if adopted, the procedure will parallel those now used by WIBC in such cases.

I would like to digress from the summary portion of the committee's report to read the following addendum prepared by the committee. The committee drafted Amendments 6 and 7 for submission to the convention pertaining to revision of the application for a regulation bowling lane certificate and notification where non-complying conditions were found. It became apparent that these amendments had impact on other rules concerning the certification programs and the development of a comprehensive education and training program on lane dressing inspection. Furthermore, the committee began exploring an amendment to that portion of Article 7 Section 3 which deals with penalties for non-compliance. Specifically the committee was in favor of a rule change which would require consideration of certificates of suspension for a second violation and certificate withdrawal for a third violation within a given period of time.

Seven new ABC directors were officially sworn in by president Julian Johnson during the ABC Convention.

However, because of the present general complaint that lane inspections are not necessarily consistent and the recommendation of the Lane Inspection Procedure committee that a certification program for an inspector be established and the subsequent establishment of such a program by the NBC, it was agreed that the strengthening of Article 7 Section 3 to provide more specific and stringent penalties for recurrence of non-compliance should wait another year until the inspection program had the opportunity to develop. The Legal committee will therefore integrate additional legislation and present a comprehensive legislative package to the Reno convention. Accordingly, Amendments 6 and 7 are being withdrawn by the Legal and Legislative committee.

Further action taken by the committee on cases brought before it since our last convention meeting is as follows: 1,439 suspensions; 144 suspensions with imposition of penalty held in abeyance pending future compliance with ABC rules; 121 reinstatements approved, of which 47 were not to hold office in an association, sanctioned league or tournament; eight reinstatements denied; 86 dismissed or no action taken, and 215 granted amnesty.

44 amendments were reviewed by the Legislative Study committee. In keeping with the responsibilities of the committee, 11 proposals were passed along for consideration and 33 returned to the proposers. The proposers of the returned amendments were advised of the reasons for such return and of their right to resubmit the proposal. A synopsis of each returned proposal and the reason for returning it to the proposer is included in the printed report.

The committee also considered a resolution seeking approval of a 900 series, for which recognition had been denied. It was returned for the reasons stated in the committee's printed report.

The New Equipment committee reports that efforts are continuing to develop an instrument capable of measuring the film thickness of lane dressing. Several design concepts are being studied and one such prototype device has shown it can accurately measure comparable amounts of dressing. This committee reports the study of bowling ball specifications and physical characteristics is continuing. In that regard independent testing agencies have been asked to advise if there are ways by which the coefficient of friction and coefficient of restitution can be measured.

Lane dressing tests are continuing at the testing and research facility. At the time the report was prepared, staff was conducting a comparative analysis of rate of dressing depletion between blended and even dressing patterns. For this study, league competition took place twice weekly during evening hours on the eight lanes at the research facility, so that scoring factors as well as depletion characteristics could be evaluated.

In other actions, one synthetic pin test was discontinued because the coating material failed and there was neck breakage. Tests on wood core plastic coated pins produced by three different manufacturers have been in official score test throughout the current bowling season and the test involving a new synthetic lane surface concept which began this season will continue to run through another bowling season.

The Organizational Structure committee report reviews its objectives and procedures it follows in reaching them. The report includes structural staff changes that have been made to date and others that are being contemplated. The committee has set as one of its goals to provide the opportunity for every ABC employe to grow and see a future with the organization.

Six amendments have been introduced by the Rules committee. One recommends changing the wording of Rule 35b regarding conduct detrimental to the game, another to amend Rule 27 and obligate bowlers averaging less than 210 to adhere to the average adjustment requirement of the rule. The change to Rule 106 would allow bowling out unless a league prohibited doing so in its own rules. Other changes proposed by the committee involved Rule 363 dealing with the time for reporting an average which is 10 or more pins above the entering average and allowing greater leeway in Rule 369 for changes in lineups. The committee is recommending deletion of Rule 389 because most bowlers do have their own equipment.

The Senior Competition committee report covers what it refers to as the first truly National Seniors competition, bringing together champions from 32 states on the lanes especially installed for the 1982 ABC Tournament. The committee points to the national competition as the reason for the major increase in senior tournaments being planned by local associations. In fact when the National Seniors Tournament is conducted here, there will be 42 states represented. Efforts are being made to find a sponsor for this senior program nationwide. Sponsors look for numbers. The committee points out the only way we can provide them is to show how many seniors are involved, which means we must concentrate on all bowlers 55 years of age and older, not just those competing in senior leagues.

All of us at the local, state and national level must do our best to make these men aware that this is their program. And for those who go all the way to the ABC National Seniors, it can be a dream come true.

The Future Tournament Sites Study committee is a new committee appointed to determine the feasibility of a permanent site for the annual ABC Championships. Costs of conducting the tournament under the present format have increased steadily for the past decade and all indications are that these costs will continue to increase. During the board of directors meeting in Baltimore, a presentation was made by the Reno-Sparks Convention and Visitors Authority in which an invitation was extended to ABC to conduct the annual championships in Reno each year on a permanent basis.

The committee was appointed and met to consider this proposal and develop a course of action to be followed in preparing the recommendation to the Congress. A subcommittee was appointed by the chairman to meet with Reno-Sparks representatives for the purpose of obtaining certain specific facts relative to their proposal. Specifically: Was Reno interested in Reno only or would an every other year tournament be acceptable; who would operate the building; what would be the length of the contract; basic physical properties of the building, and many other questions would be answered. Also, would the Reno-Sparks Convention and Visitors Authority be willing to share the cost for a professional survey of the 1983 tournament participants to determine their response to the possibility of a permanent site for our tournament.

As a result of the subcommittee report which includes Reno-Sparks Convention and Visitors Authority's willingness to share the cost of the survey, the committee authorized the executive secretary to enter into a contract with Belden Associates of Dallas for the survey for the 1983 tournament participants. A final version of the survey was approved in mid-February and is currently being mailed to 1,200 team captains on a timed release in order that they arrive at the time team captains arrive home approximately one or two days after the team competed in Niagara Falls.

The results of the survey will be available to the committee by mid-June. The committee will then convene in July for evaluation of the survey and a recommendation as to the disposition of the Reno-Sparks proposal.

That concludes the summary of the reports. I think we should all be delighted we did not have to listen to the complete reports we read. I mention that to emphasize that we do urge you to review the reports, read them completely. There's information in the reports relative to the action taken by the committee during the past year and their recommendations for projects in the future. Please read it and share it with the other members of the board of directors when you do return home.

LARRY SCHAFER, Macon, Ga.: I move we adopt the committee reports as submitted. Seconded by Jerry Ladwig, St. Louis.

PRESIDENT JOHNSON: All those in favor signify by saying aye. Opposed, no. So ordered. Our next report is from the Nominating committee, by Jack C. Moore.

MOORE: This year we have seven openings on the American Bowling Congress board of directors, in addition to selecting a new president and vice president. The Nominating committee had some 40 candidates for the board of directors positions.

To the officers, directors, past presidents and delegates of the American Bowling Congress in annual session. The committee submits the names of the following individuals as candidates for the various offices.

President
H. Wesley Bogle, Kendall Park, N.J.

Ballots are cast by delegates to the 1983 ABC Convention in Niagara Falls.

Vice Presidents
1st — William D. DeHaven, Kettering, Ohio
2nd — Paul O. Mohn, Silver Spring, Md.
3rd — Joseph T. Dahl, Portland, Ore.
4th — Edward W. Sweeney, Sr., St. Louis, Mo.
5th — Eugene E. Adams, Cincinnati, Ohio
6th — Max D. Shelton, Ada, Okla.
7th — Boyd M. Pexton, Salt Lake City, Utah
8th — Henry J. Lapinski, Philadelphia, Pa.
9th — Thomas W. McKay, St. Clair Shores, Mich.
10th — Ted F. Melonis, Omaha, Neb.

Directors (one year term)
William J. Bacon, Lubbock, Texas; George E. Barnes, Norton, Ohio; James D. Beckett, Yakima, Wash.; Jerry L. Beltz, Anchorage, Alaska; John G. Birdwell, Ft. Wayne, Ind.; Dr. Chester Bixby, Erie, Pa.; Chris Brugnola, Jersey City, N.J.; John E. Bulger, Steilacoom, Wash.; Verrill F. Burgin, Toledo, Ohio; William G. Chestnut, Springfield, Ill.; Thomas F. DeChalus, Deer Park, N.Y.; Walter E. DeLozier, Wichita, Kan.; Joseph F. Ferguson, Brooklyn, N.Y.; Richard W. Finke, Minneapolis, Minn.; Edwin W. Fisher, Houston, Texas; Robert W. Girts, Poland, Ohio; William H. Hall Sr., Chicago, Ill.; Pedro R. Hernadez, Billings, Mont.; James R. Hilliker, Woodland, Calif.; Charles D. Howell, Idaho Falls, Idaho; John J. January, Nashville, Tenn.; Theodore M. Jaskie, Brown Deer, Wis.; Wesley G. Kidwell, Indianapolis, Ind.; Eugene H. Kline, Midland, Mich.; Kenneth F. Knapp, Los Angeles, Calif.; Gerald Koenig, Shawano, Wis.; Burle M. Lewis, Hummelstown, Pa.; James T. Lusk, Jamestown, S.D.; Duncan G. Macpherson, Albany, N.Y.; Thomas K. Mahaulu, Hilo, Hawaii; James M. Maher, Denver, Colo.; Richard D. Merrill, Hudson, N.H.; Clifford R. Munson, Miami, Fla.; John R. Nevada, Rochester, N.Y.; Jack A. Otero, Santa Barbara, Calif.; Blase P. Palumbo, Buffalo, N.Y.; Joseph Pausa Jr., Syracuse, N.Y.; Walter R. Payment, Greenville, S.C.; G. Walton Roberson, Tucson, Ariz.; Stephan Robutka, East Hartford, Conn.; Lawrence Schafer, Macon, Ga.; Michael G. Shenesky, Zelienople, Pa.; Tom Stoma Jr., Lafayette, La.; Carroll L. Stonehouse, Grand Rapids, Mich.; James J. Sullivan, Chicago, Ill.; Kenneth R. Taylor, Richardson, Texas; Gerald F. Tessman, Maplewood, Minn.; Marvin H. Townsend, Kansas City, Mo.; Robert P. Turner, Willowdale, Canada; William E. Vitense, Monona, Wis.; Glenn E. Weaver, Sunnyvale, Calif.; Max Weinstein, Louisville, Ky.; Dirk Wheat, Waterloo, Iowa; Richard N. White, Jackson, Mich.; Calvin C. Whitmore, Moline, Ill.; Robert D. Wiesmuller, Dearborn, Mich.; Richard A. Yoakum, Columbus, Ohio; George Zeidell, San Diego, Calif.

Past President-Life Member
Julian O. Johnson, New Orleans, La.

Life Member
Hiroto Hirashima, Kaneohe, Hawaii

PRESIDENT JOHNSON: You have heard the nominations. Are there nominations for president or vice president from the floor? Are there nominations from the floor for jurisdictional directors?

Hearing none, I will entertain a motion that the nominations be closed.

LEONARD MITZMAN, Cincinnati: I move that the recommendations of the Nominating committee be accepted and the nominations be closed. Seconded by Cliff Loeker, St. Louis.

PRESIDENT JOHNSON: Our next order of business is a message of appreciation from ABC Director Clifford R. Munson, Miami, Fla.

MUNSON: No American Bowling Congress Tournament in its 80 year history has gotten off to a bigger bang than here in magnificent Niagara Falls. The setting of the host city, the beautiful International Convention Center and the unbelievable performance of your own local bowlers, Fran Bax and his 833 series on opening day, already has made this tournament one of the most memorable in history.

There are many individuals who deserve credit for their efforts to make this event a success. Without people like Mayor O'Laughlin; Mark Gatley, director of the Convention and Visitors Bureau; attorney Arthur Gellman, and Niagara Falls B.A. secretary Tony Quaranto and his board, the operation would not go as smoothly as it has with them.

On behalf of all of our bowlers, officers and delegates it is my privilege to say thank you, Niagara Falls, N.Y., for everything during the 1983 ABC Tournament and Convention. We hope we can return some time in the future.

PRESIDENT JOHNSON: We will be breaking for lunch shortly, but before I do so, I would like to call on Roger Tessman to give an explanation on the balloting.

TESSMAN: Gentlemen, as you leave the hall, those of you that are delegates and have the yellow voting tags on will be given a ballot. The ballot boxes will remain open until 2:30 p.m. Now the ballot is self explanatory and if you wish to vote for a candidate nominated from the floor, which in today's case there were none, or if you have a write-in candidate, and you may have that, then that candidate's name must go in direct opposition to

the person nominated and you would scratch out the name of the nominee as presented by the Nominating committee. Once you have gone through your ballot and marked it, then please remember there's a circle at the very top. You must check that circle to validate your ballot.

PRESIDENT JOHNSON: We are going to call a recess for lunch. We ask that you be back at 1:25 so that you may be in your seats and ready to start the afternoon session promptly at 1:30. Until that time, we stand adjourned.

(Lunch recess taken at 11:50 A.M.)

AFTERNOON SESSION

PRESIDENT JOHNSON: The next item on the agenda is that of the Legislative Session, and I would like to call on the Legislative chairman Jack Otero.

OTERO: I would like to acknowledge and thank Dr. Edward F. Leone, Milwaukee, who is our parliamentarian and has been since 1975 and I can say a great deal of help to me during the week.

The first item is deferred amendment 1, and this is the item that seeks to eliminate individual awards for 299 and 298 and to make it part of the 11-in-a-row. So we have the 11-in-a-row. The recommendation you have before you is a recommendation of adoption. We do have a slide presentation from our assistant secretary-treasurer.

KELLERMANN: At the 1982 convention in Baltimore, a proposal by the Greater Pittsburgh Ten Pin B.A. to eliminate the 299 and 298 awards from the major awards category was deferred for study.

In its proposal, the association expressed the opinion that there is but one perfect game and that 299 and 298s are glorified 11-in-a-row awards.

Since the proposal was deferred for study, a survey was taken at last summer's jamborees and numerous local association meetings to determine bowler opinion regarding the proposal.

The results of the survey indicated by a narrow margin that our members leaned towards deletion of the 299 and 298 awards. However, the survey did not give any clear cut directions whether the 300 game awards should be upgraded or the 11-in-a-row awards should be enhanced. An overwhelming majority did say that if the 299 and 298 awards were eliminated, the savings should remain in the awards budget to be used for bowler awards.

Therefore, the Awards Study committee met with three major manufacturers who specialize in all types of sports awards. Those companies presented new awards as well as reviewed those presently being offered.

It was determined that if the 299 and 298 awards were eliminated from the major category, ABC would have an additional $125,299. Since the 299s and 298s would have fallen into the 11-in-a-row category, the awards issued accordingly, then you must deduct $32,100 from that total. As a consequence, based on the number of 299 and 298 game awards issued last season, ABC would have an additional $93,199 to keep in the awards budget to improve either the 300 or the 11-in-a-row award.

What would that $93,199 mean to the upgrading of the 300 award? Based on the 300 game awards issued last season, there would be an additional $17.40 per unit that could be put towards upgrading the 300 award.

Because of the mass buying power of ABC, the present 300 game award rings cost $36.50 per unit, not including processing and handling. That means $53.90 would be available for a new ring and stay within the budget.

The Committee first addressed the issue raised by the Pittsburgh proposal and considered returning gold to the 300 award ring.

Since the price of gold has fluctuated from $450 an ounce to $550 in recent times, the committee fixed the gold 300 ring award at $475 per unit for the purpose of establishing a budget figure. Based on last season's figure of 300 games awards presented, the cost would be over $2¼ million. I should report that since the slides were prepared, the gold ring price has become $425 per unit, thus the cost of gold rings for the entire program would be over $2,275,000.

Providing gold rings would cost ABC one-third of its total yearly income to benefit approximately one-tenth of one percent of our membership. This is nearly 10 times as much as our present yearly budget for 300 games. For those reasons and the difficulty in budgeting because of the widely fluctuating cost of gold, the committee concluded that is was economically impossible to return to the gold ring.

One option presented by the manufacturers was a sterling silver 300 ring at a price of $74.17. Should that ring be purchased by ABC, based on last season's 300 game award total, ABC would have been $108,545 over budget. That budgetary expenditure would be for an award that the committee concluded would be virtually the same in appearance. In fact, when comparing the two, the members had difficulty distinguishing the present ring from the sterling silver ring. Therefore, that option did not seem practical.

Since the Pittsburgh proposal contends that 299 and 298s are one and two pins away from perfection and in reality 11-in-a-row accomplishments, plus the survey results which did not clearly indicate that the money should be spent on 300 game awards, the committee explored returning the savings to the anticipated 10,000 men who may qualify for the 11-in-a-row scores and

Roger Tessman addressed the ABC Convention delegates for the first time as their executive secretary-treasurer.

thereby are entitled to an award.

The committee offers the following proposal tied to the passage of the Pittsburgh amendment. The present belt buckle and membership card are being enhanced and we are offering three new items, a lucite bowling pin, a shadowbox and a very attractive 11-in-a-row ring. In the event all award winners choose the ring, an additional $40,000 would be necessary and can be budgeted for next season to offset that possibility.

If the Pittsburgh amendment is adopted, the ABC Awards Study committee recommends that the 11-in-a-row award be upgraded with the additional money available. The committee believes that what they have recommended, what you see on the screen, will benefit the members who presently are entitled to special recognition as well as upgrading awards for a greater number of our members.

OTERO: Anyone wishing to speak in opposition to the motion for adoption?

RON SEIBEL: Greater Detroit B.A. Our delegation is in opposition to this amendment. And at this time I would like to yield the microphone with your approval to Mr. Irving Davis.

DAVIS: It's a little difficult to speak when your association has been honored by having a man go into the Hall of Fame, by a man in your association receiving the Rip Van Winkle award and coming before you on the very first amendment and getting down to business. Our delegation thinks that there's a distinct difference between a man starting off a game with a strike, bowling 11 of them and on his last ball getting tapped and not getting his pins. We are an association that does not believe that benefits that our people who have paid their sanction fees for years and years should be voted away from them.

We understood that because of the economy, the awards would have to be reduced in value. We realize that this came about through the great number of 300, 299 and 298 awards, by our success in having young bowlers profit more by high scores. If it also has been the reverse, our inability to police some conditions, why should we punish those men who once in their lifetime achieve this goal of a perfect game, almost to the point of success.

We have studied this over and over and we say, representing 1-30th of the Congress, we say no.

NELSON RAY: Greater Baltimore B.A.: I rise in opposition to the adoption of the amendment also. Just talk to anyone who has thrown their first 11. To get up and throw that last ball and to get tapped, the pressure that's there can no way be compared with having a spare in the first frame or open in the first frame and continuing with 11. I have done it, I have had open in the first frame and gotten 11 straight. There's a world of difference between 11-in-a-row, 298 and 299 and I think we should all seriously consider rejection of this.

HERB MARKHAM, Eastern Long Island: I was rather interested in the presentation of the figures, which all seem to involve money. But the expenditures of money, which I believe was a creation of a condition that ABC itself believes warrants additional study, and that is the rising of a large amount of high scores in the past few years from 1,700 high scores to over 5,700 high scores. Just a little while ago someone mentioned ABC is trying to treat the symptoms rather than the disease.

What I see here is nothing more, particularly in the face of the figures showing that it will cost so much money and if you vote for the amendment as is, I believe you will only be perpetuating a system you yourself do not like. Vote against this amendment.

EUGENE ADAMS, Cincinnati: The ABC Awards Study committee spent considerable time since the last session in Baltimore to make a survey using our jamborees, trying to get communication from the membership to find out what the members wanted in this regard. This is not an amendment that the ABC per se wants to put through. We are acting on the proposal submitted by the Pittsburgh B.A. We felt after the study of the merits as you saw on the slide presentation that the proposal was good. It did not actually cost the ABC any additional money.

ANTHONY RASIMAS, Wyoming Valley (Pa.) B.A.: Can that possibly be amended to read last 11-in-a-row and first 11-in-a-row? That would distinctly separate an opener's spare versus 11 strikes. The first 11, as stated earlier, is quite a bit different.

OTERO: To answer the question, of course the delegates have the authority on any of these 20 amendments you have to consider this afternoon to amend. That isn't what's before us. Is there any further discussion?

PITTSBURGH B.A. Delegates: I think there're two things that need to be done in order to get voter approval. One is the very legitimate claim that a 299 indeed is something far different than a 279 or 289. That person can very well have done his very best execution possible without encountering a solid 7 or something like that. So perhaps you could distinguish at least a 299 by having a different color stone in that 11-in-a-row ring so that the two people would recognize there's a difference.

And there are a lot of association secretaries that don't appreciate having to get up in the middle of the night to check the lanes for the appropriate games. If we could release two games, I think a lot of people would not mind having the rings go in.

JOE ROBELOTTO, Albany, N.Y.: I would like to just get some things cleared in my own mind. It seems unusual when we sit here and vote on things as a unit one way or the other and then someone doesn't like the proposal and says "you did it." I thought we all did it, rather than "you." And we are just trying to do the thing that all of us think is the best thing to do for the Congress and for bowling. So we ought to get off that tangent and let's talk as a team rather than adversaries.

OTERO: What you have before you is a motion to adopt deferred amendment No. 1. That would require a two-thirds vote. All in favor signify by saying aye. Opposed, no. It's obvious it is not two-thirds. So by your action you have rejected deferred amendment No. 1.

Proposed amendment 2 is to increase from one to two the number of state delegates and alternates to the ABC Convention, and the matter before you is a recommendation for rejection. Does anybody wish to speak to this motion?

BOB GATES, Virginia B.A.: I was the proposer of this amendment. Invariably there are proposed amendments on the floor of this convention which are determined directly or indirectly. The indirect cases would be eligibility, suspension hearings, awards, etc. And I firmly believe that it's in the best interests of each state to allow them the privilege of having two delegates as opposed to the current one.

OTERO: What you have before you is a motion to reject, and this would require only a majority vote. All in favor of the motion to reject signify by saying aye. Opposed, no. By your action, proposed amendment 2 has been rejected.

Proposed amendment 3 would be to change the title of the ABC assistant secretary-treasurer to assistant executive secretary-treasurer, bringing it in line with the title indicating the secretary-treasurer. The recommendation by the board of directors is for adoption. All in favor of the motion to adopt signify by saying aye. Opposed, no. By your action proposed amendment 3 has been adopted.

Proposed amendment 4 would be to require the Finance committee to engage a certified public accountant to make the annual audit rather than staff. The recommendation of the board of directors is for adoption. By your action proposed amendment 4 has been adopted.

Proposed amendment 5 would be to reduce from 20 to 15 years the number of years an ABC board member must serve to be eligible for election as a life member. The recommendation of the board of directors is for rejection.

MITZMAN: I am the proposer of this amendment. I am a little bit amazed at the recommendation for rejection. It was pretty well discussed on the floor last year at the convention and at that time seemed very favorable. I just took a count on the nomination report and there are 58 directors in this Congress. It is far beyond my wildest imagination that any imbalance, as stated in this recommendation for rejection, could ever occur by appointment of any or election of any life member.

And as I stated in my original proposal, after a man has served many years on his local state association, the probability would be that he would be fairly well up in age before he would ever be nominated or elected as a director of this Congress, and the likelihood of 20 years

of service to attain a life membership is that much less probable. And at the same time I do not believe the membership of the directors as presently constituted, any one of them would feel that he would resign his directorship just to be hopefully elected a life member. As this is stated, a life membership may be elected but is not automatic just because he served 15 years.

For this reason, I would hope that the delegates to this convention would consider rejection of the recommendation of the board of directors.

MOORE: We did some arithmetic before we recommended this action to the board. If this amendment were to pass, in addition to the five vice presidents who would in the normal providence become life members in the next five years, there are 23 other board members who within five years would become eligible for life membership, making a total of 28 in addition to the 20 we now have.

OTERO: Any further discussion?

WILLIAM DeHAVEN, Dayton, Ohio: As a member of the ABC board of directors, I think you gentlemen must realize this proposal affects only the ABC board of directors, and we the people that it would affect the most have recommended the rejection of the proposal.

OTERO: What you have before you is a motion to reject. All in favor signify by saying aye. Opposed, no. By your action you have rejected proposed amendment 5.

FROM THE FLOOR: Point of information, sir. I am rather confused. Why are we voting on the recommendations rather than on the amendments themselves?

OTERO: That's been a standing rule of the American Bowling Congress for I can only tell you the number of years I have been on it.

FROM THE FLOOR: If that's the procedure, I will obey. But I was a little confused on that point.

OTERO: Proposed amendment 6 has been withdrawn by the proposer, as has proposed amendment 7.

Now with the consent of the delegates, I would like to take proposed amendment 9 before proposed amendment 8, because 8 simply is an attempt to clarify the existing rule, where 9 is an attempt to change the lane dressing from a blended condition to straight across.

So with your consent, we will take proposed amendment 9. And in that regard there is a slide presentation. I might say the recommendation of the board is for rejection.

SLIDE PRESENTATION: The effects of both the even or as it is commonly referred to straight across lane dressing pattern and the blended or commonly called crown lane dressing pattern on both scorability and the rate of depletion, tests were conducted at the Testing and Research Center. Bowlers in the test program were ABC and WIBC staff members. They bowled six games in each evening session, in a three game, two shift league-type format. The total study involved almost 4,000 games. This would be equivalent to a 24 week season.

Each pair of lanes is finished differently. As you can note from the graph, they are representative of commonly used lane surfaces. These lanes were cleaned and redressed before each day of bowling. The preliminary results showed that the first shift scoring on the blended or crown pattern in phase one of the program is almost identical to the first shift scoring on the even or straight across pattern in phase two, both in terms of pinfall as well as percent of 200 games.

However, the second shift scoring showed a marked difference. The blended or crown dressing pattern scoring was virtually unchanged from the first shift. But with the even or straight across dressing pattern, there is a reduction of almost four pins per game and a 40% reduction in the number of 200 games. These data were also analysed relative to the male and female bowlers.

The same level of reduction in scorability is noted for both the men's average, with is highlighted in the smooth texture in the higher section of the chart and showed a six pin decrease, and the women's average, highlighted in the rough texture on the lower section which showed almost a four pin decrease between the second shift results.

Measurements were also made of the dressing patterns throughout the test, using both the lane analyzer and the prototype dressing gauge being developed by ABC. The rates of depletion were determined both on a local as well as the overall basis. Typical local results are shown in this slide. The cross-hatch region designates the depletion of the blended or crown dressing pattern, whereas the depletion of the even or straight across dressing pattern is shown by the clearer. The extension of the clear bars beyond the cross-hatch regions indicates increased depletion in the area of heavy play with the even or straight across dressing pattern.

Integrating these local rates gives the overall depletion. This slide presents those results. Within the limits shown, the rate of overall depletion is approximately linear with the even or straight across pattern depleting at the higher rate.

Our preliminary conclusions from this study are summarized as shown. First, the blended or crown lane dressing conditions and the even or straight across lane dressing conditions give comparable performance relative to scorability of first shift bowling. Second, significant reductions in scorability result from the even or straight across lane dressing condition on second shift bowling for both male and female bowlers.

Finally, the depletion rate with the even or straight across lane dressing conditions is greater than with the blended or crown conditions. On the basis of these conclusions, which clearly show no advantage to the bowler from the even or straight across lane dressing pattern, the board of directors recommends a voter rejection for this amendment.

OTERO: Any further discussion?

ROBERT KOPSUSKE, New Haven, Conn.: I am against the crowning and have been for a long time. I think that if a proprietor wants to make a change in condition to the second shift, he can cross wipe the lanes in between squads. What we have done, if you pass this legislation, you make the proprietors better conditioned and we are the ones that take the abuse when the score's turned down because he doesn't know how to do it. No one can dispute the definition of the word flat. You certainly can dispute the definition of the word gradual.

OTERO: Any further discussion?

AL DODSON, Greater Seattle B.A.: You have to have crowning started so you have something on your second shift. You have an example here today even with the slight crowning, they dry out and you have no condition. At least with the crown you have a start. Proprietors cannot cross out lanes between shifts. You have to have it there to begin with. I have been there and seen the score turned down. I suggest they keep it as legal as they can but still give a bowler the chance to bowl even on the second shifts. If you take it away, you are going to take away the other shifts.

OTERO: All in favor of the motion to reject, signify by saying aye. Opposed, no. By your action, proposed amendment 9 has been rejected.

Proposed amendment 8, I will attempt to clarify the language of the recommendation of the board of directors, was for rejection of proposed amendment 8. All in favor of the motion signify by saying aye. Opposed, no. By your action proposed amendment 8 has been rejected.

Proposed amendment 10 is to increase the minimum pin weight specification from 3 pounds, 2 ounces to 3 pounds, 6 ounces for standard wood and plastic coated core pins. The recommendation of the board of directors is for adoption.

MARTIN ARTECHE, Baltimore: The question I have is you have made no reference to synthetic pins. Are you going to keep the synthetic pins at 3.4 while raising wood pins to 3.6? I have had the honor of bowling on these pins. They do fly easier, react a lot differently than wood pins. Are you going to keep the magnesium 3.4 and go wood at 3.6?

TOM McKAY, Detroit: Speaking on behalf of the New Equipment committee, when this amendment was submitted, pins were tested. There were six different pins used to check out the scores. They ran for a 20 week period. One of those was a ladies league and ironically they were a pins one over the 20 week period. Because of that, and other reasons, the New Equipment committee recommended to the board adoption of this proposal.

Secondly, the preliminary test which I described to you which was within the parameters used for new equipment such as pins. This could help make scores more uniform not only throughout the country but throughout the establishments within associations.

BILL ALLEN, Jacksonville, Ark.: I sit on behalf of two, one as proprietor and delegate and secretary-treasurer of the association. I believe some of these cases, some of our pins last three, four years through rotation every six weeks. The fact some houses do use 3.2, 3.3 wood, and I know of houses that have ordered pins to be delivered next year and these pins are not going to be meeting the standard of 3.6, what are these proprietors supposed to do with the pins?

OTERO: This would become effective Aug. 1, 1965.

ALLEN: Granted, but like I say, some people buy pins in stock when we can get the best deal on them and they last us two or three years by rotating every six to eight weeks and keeping them. Sometimes they will last three, four years, if they are maintained properly.

BILL UPHAM, Portland, Ore.: I have one question. In the proposed amendment, if you change the minimum on non-wood synthetic pins from not less than 3 pounds 4 ounces to not less than 3 pounds 6 ounces and not more than 3 pounds 6 ounces does this mean you will not allow any tolerance whatsoever and all the non-wood would have to hit right on 3 pounds 6?

OTERO: That's not before us.

BILL WILLIAMS, Detroit: As a delegate, and I am speaking now as a proprietor, we are in favor of this amendment, and at a recent meeting with the Industry Relations committee I think you found less than two percent of the pins manufactured were in the 2 and 3 pound range. But in most instances in order to bring pins down to the 3.4, they put more voids in the pins. We felt as proprietors the ABC test showed us the results which you have seen here today. We felt that there would be no harm to the bowler. And as far as the pin lasting three or four years, I would like to have that gentleman give me his secret.

OTERO: You have before you a motion for adoption of proposed amendment 10, which takes two-thirds vote. All in favor of the motion, signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 10.

PRESIDENT JOHNSON: Gentlemen, I would like to remind you that the ballot boxes will close in approximately 10 minutes.

OTERO: Proposed amendment 11 is for clarification of Rule 26b. The recommendation of the Board of Directors is for adoption. Is there any discussion on proposed amendment No. 11? There appears to be none. This again will take two-thirds vote. All in favor of the amendment signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 11.

Proposed amendment 12 would be to raise the minimum average used for comparative purposes under Items A and B, Rule 27, from 190 to 210 and limit average adjustment to 210 under Item C, to clarify when a bowler is obligated to adjust under Rule 27. The recommendation of the board is for adoption.

ELWIN ISHAM, Vermont B.A.: This proposal is basically the same thing that has been before this convention in years past and it always has been recommended for rejection before, for the fact that it affects more bowlers than previously were affected.

Special awards for long service to the ABC were presented to (from left) Hiroto Hirashima, Lowell Rothschild, Richard Finke, Joe Ferguson and Bob Turner.

There's no requirement in this rule for bowlers to maintain their tournament averages. It would be unworkable for a period of at least one year. Therefore I have an amendment that I would like to propose.

At the start of the present Rule 27: All bowlers shall maintain a record of their tournament scores for a period of 12 months. Before bowling in an ABC sanctioned classified or handicap tournament, he shall adjust that particular tournament's entering average and shall submit the adjusted average to the tournament manager if during the 12 month period immediately preceding the date and time of bowling — and then you would go to Section A and in the place of 190, you would submit that particular tournament entering average. And the same thing would apply in B and in the rewriting under C, you would use the tournament base average, rather than a 210 figure. The 210 figure right now is probably used by only, I would estimate, about 60% of the tournaments. There are still a lot of tournaments using 190 and 200. There're some using 220.

OTERO: First of all, that amendment will have to go to the Conference committee. There's even a question whether it's an entirely different proposal and would be appropriate to this amendment. That's before the Conference committee which will meet in Room 4.

Somebody pointed out I didn't hear a second, and they are correct. So unless there's a second, we don't have a conference team. Do we have a second? John Nevada seconds. Now we have a Conference committee. Thank you for directing my attention to that fact.

We can go on with the other amendments while they are meeting. Proposed amendment 13 would require a local association secretary to inspect the bowling ball used when an honor score is bowled. The recommendation of the board of directors is for rejection.

GORDON SPARTSWIG, past president, State of Oregon: Gentlemen, I would like to see all awards be accepted, when everything is in compliance. When the pins are in compliance, the lanes are in compliance and the bowling ball is in compliance. You have too many games that are shot where they have too much finger weight or too much side weight or too much top weight and they go uninspected. At the ABC Tournament all the bowling balls are inspected. Why aren't they inspected for high league awards? I wish you would please go against the recommendation by the board and vote for the bowling ball to be inspected.

KEN TAYLOR, Richardson, Texas: Speaking for the New Equipment committee, our present policy is that if the compliance of bowling ball is challenged, it can be challenged and if so, the local association can direct a local and reputable shop to measure the ball, or the ball can be send to ABC where the measurement will be made there. To insure that the very ball used in achieving an honor score was measured, either the serial number of that ball would have to be taken prior to its use or the ball would have to be removed from the rack immediately upon its return from the pit and confiscated or the serial number taken at that time.

To allow even five or 10 minutes of delay would allow time for substitution of that bowling ball, and certainly we have some cases where the score is not even checked for two or three days.

If this proposal is accepted, it could require some associations to purchase the equipment at a cost in excess of $1,100, and some would have to be trained in the use of the equipment.

The New Equipment committee feels strongly this proposal would create not only financial burden, but undue hardship on the local association by more police action on the lane level. We therefore recommend adoption of the motion before the floor, which is rejection of this proposal.

DOUG UHL, Wayne-Westland (Mich.) B.A.: We have been instructed by our directors to vote against this proposal. We have great cooperation between our bowling proprietors. One of the principles behind this 12 hour inspection has been that we inspect the lanes that night or by noon the next day. Our proprietors called a man to the counter along with his bowling ball and recorded the serial number of the ball. Our solution or our suggestion might be to have, if you have pro shops in the area and your cost of equipment is beyond your means, bowling pro shops which have the equipment necessary to conduct the specification tests and they will do it for a small fee. We already have had volunteers in our association.

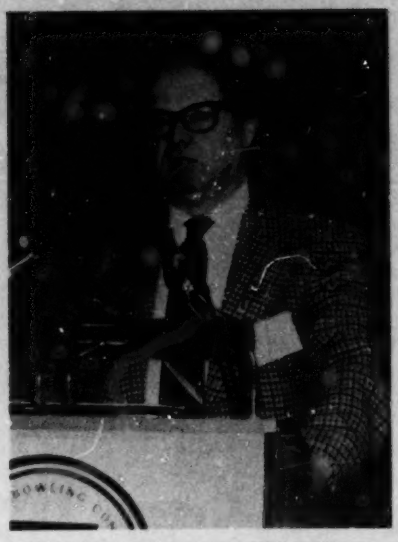
DON GATES, Syracuse, N.Y.: It's my understanding under the existing rule that if a ball is protested and found to be illegal, there's no penalty or forfeiture of games, prize money or awards. The only penalty is you can no longer use that ball. Is that rule different for the 300 game?

OTERO: I am going to defer to our executive secretary.

TESSMAN: If you have a bowling ball and, unknown to you, it is out of balance or the incorrect weight, then yes, upon discovery you have an obligation to fix it. If you knowingly use a piece of equipment, then the forfeiture procedure would apply and that would also be the case in the award score area.

OTERO: All in favor of the motion to reject, signify by saying aye. Opposed, no. By your action proposed amendment 13 has been rejected.

Proposed amendment 14. This would increase team scores requiring inspection in four man team game and series category from 900 to 975, and from 2500 to 2700, respectively. The recommendation of the Board of Directors is for adoption. There being no discussion, favor signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 14.



H. Wesley Bogle was introduced as ABC president-elect at the conclusion of the delegates' meeting.

Proposed amendment 15 is to permit a bowler to finish the final game of a series before his opponent or teammates unless league rules provide otherwise. The recommendation of the board is for adoption.

ED WISE, Cedar Rapids (Iowa) B.A.: In regards to this bowler bowling out, I thought we had league rules to govern this. What you are doing is taking a long existing rule out of the hands of the leagues. If the leagues choose to disregard the rule and allow a person to bowl out, that's on their back. But when you start putting this in, somebody says it's the rules, I can bowl out, you're opening the door for everybody in the place to bowl out. I think the amendment should be defeated as it's proposed.

DR. CHESTER BIXBY, Erie, Pa.: Speaking on behalf of the amendment of the Rules committee, this amendment came about because of numerous protests of teams and bowlers where a man because of some emergency or a mechanical breakdown or a late shift finds himself in a position where he has to be someplace on time or something like that, to meet a deadline at work. Normally there would be adequate time to complete his regularly scheduled bowling time. Yet you have to understand both team captains mostly agree that he's allowed to bowl out. And this has been going on. The problem arises in a very close game where on the team of the man who bowled out, they win and somebody starts looking up a league rule and from nowhere they find he is not allowed to bowl out and it's a protest.

This rule will eliminate many of these protests and will still leave the option open for a league not to allow bowling out if it so desires.

OTERO: The matter you have before you is motion for adoption. This will require two-thirds. All in favor of the motion for adoption, signify by saying aye. Those opposed, no. By your action you have adopted proposed amendment 15.

Proposed amendment 16 is to amend the outline of suspension and reinstatement procedures of Rule 114c, when a bowler is charge with failure to pay the fees for improper withdrawal. The procedure we have is at the time the board of directors considers this, the proposers are welcome to appear and if there is any amendment which is within the general framework of the amendment, that's permitted without the necessity of going to the delegates and going through the procedure of a primary and secondary amendment. In this particular amendment, there were two relatively minor changes indicated in the book that you received.

The recommendation of the board of directors is for adoption. All in favor signify by saying aye. Opposed, no. On the motion for adoption, which takes two-thirds vote. All in favor of the adoption of proposed amendment 16, to signify by saying aye. Opposed, no. By your action you are adopting proposed amendment 16.

Proposed amendment 17 would require written notice be given at least 10 days in advance of league meeting — that's withdrawn.

Proposed amendment 18 specifies that tournament management undertake a fiduciary obligation in that all funds provided by that part of the entry fee designated as prize fee be placed in a trust account for the benefit of the bowlers. At the time this was considered by the board of directors, the proposer agreed to add in the end of the second line the clarifying remarks "not including interest thereon." And the recommendation of the board was for adoption.

JERRY KOENIG, Shawano, Wis.: By way of background, the Legal committee experienced a couple of situations last year where in rather large tournaments, prize funds were not able to be paid for one reason or another and the management of the tournament saw fit to declare bankruptcy. Under those circumstances it appeared to the Legal committee that the debts would be dischargeable in bankruptcy and therefore the bowlers in effect would be precluded from civil recovery for the prizes they might otherwise have been entitled to. Under those circumstances, there was some extensive discussion about the possible revision of Rule 242.

What we have intended to do here, that is our purpose, is to strengthen the position of the bowlers if a sponsor declares bankruptcy without paying that trust the portion of the funds which are received from the bowlers, that is the prize fee or prize fee.

OTERO: The motion before you is for adoption of proposed amendment 18 as changed. All in favor signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 18.

Proposed amendment 19 would be to allow more than one all events event, and the recommendation of the board of directors is for adoption. All in favor signify by saying aye. Opposed, no. I would request a count by standing of all in favor of proposed amendment — I could not tell by that. All right, you want to give a voice vote again? All in favor of proposed amendment 19, signify by saying aye. All those opposed, no. By your action proposed amendment 19 has been adopted.

Proposed amendment 20 authorizes tournament management to establish an entry receipt deadline as long as the deadline is at least 10 days after the entry closing deadline. And the motion before you is a motion to reject by the board of directors.

FRANK BARNHART, St. Louis: A matter of clarification. This amendment is directed towards situations resulting from misdirected or lost mail, not just mail that's a little slower than usual being delivered.

I direct myself to the recommendation for rejection. In the event an entry is mailed but not received by the time the schedule has been compiled, tournament management expressly has the authority to either reject or accept the entry. The presence of this statement is a false statement. Tournament management does not have this authority at this time. This year's ABC tournament was not filled. If the American Bowling Congress received an entry six months from now, that was dated before the date of closing, it would be equally obligated to accept that entry. There's no authority right now for tournament management to reject such an entry. Such authority is precisely the authority that this amendment would provide.

DICK FINKE, Minneapolis: Presently we see no problem with the current rule. A postmark has been accepted as a legitimate indicator of date of mailing. There's no way to determine the tournament manager can or would correctly date the time of receipt. In the event an entry is mailed prior to the proposal date but not received by the time scheduled, tournament management presently has the authority to either reject or accept the entry. We think it could create more confusion and not resolve the problem, so I move for rejection.

BARNHART: Point of information. Could the last speaker quote the ABC rule number? I have reviewed the ABC rule book several times. Tournament management does not have the authority. I would like to know the ABC rule he is referring to.

OTERO: I will defer to the executive secretary-treasurer, who is the ultimate arbitrator.

TESSMAN: I think that if you will examine the book, you have two rules that would go to this issue. You are talking about an entry which was submitted in the proper time frame but because of delays unexplained is not received by tournament management before the announced closing date of entries. Rule 302, which deals with the management of a tournament, and Rule 303, which deals with the authority of the secretary, would certainly place this at the discretion of that group, because two equations could exist. One they might not have any space in the tournament and they would obviously have to refuse the entry and the other is that the date that they may have available, might not be acceptable, so they are given authority under these unusual circumstances as the management team to make such decision.

OTERO: The motion you have before you is rejection of proposed amendment 20, which takes a majority vote. All in favor of rejection signify by saying aye. Opposed, no. By your action you have rejected proposed amendment 20.

We will now deal with proposed amendment 12. We have a report from the Conference committee.

ISHAM: At this time I request to withdraw the amendment to the amendment.

OTERO: Is the person who seconded the amendment concurrent with withdrawing the amendment? John Nevada says yes. All right. The motion before you on proposed amendment 12 is a recommendation for adoption. Any discussion?

Jack Moore (left) presented Julian Johnson with a pin signifying him as a past president-life member during the ABC Convention.

RAY: I have a question. Is it once the motion has been presented as stated from the chair? And secondly, if it is no longer the property of the maker, it belongs to the delegation to take some kind of action?

OTERO: Well, we question whether we have a Parliamentarian here that would raise that rather correct parliamentary procedure and since that is correct, then the motion before you which would take majority vote is whether or not the amendment can be withdrawn. All in favor — is there any discussion on the right to withdraw that amendment? All in favor of the motion to withdraw the amendment signify by saying aye. Opposed, no.

Now back to the motion for adoption of the proposed amendment No. 12. Is there any discussion on your proposed amendment?

DON GATES: Rule 27 right now is an excellent rule but it's not enforced in spite of the fact you defeat this amendment. The fact is not one of you in this meeting, maybe one, if asked by the general director to present the tournament records for the past 12 months would be able to do it.

No one rerates himself. But many bowlers are going to be rerated and not deserve the rerate because as classic bowlers they are able to bowl much better in a faster condition. So what you are going to have is the protest situation where you get into a handicap tournament and a bowler will know that someone who finished ahead of him is in violation of that rule because they know that person bowled well in a particular tournament, and they will call on that tournament director to check that person's average and he's not going to be able to produce it and none of you will produce it. And it's not really necessary, mostly averages are pretty much within limit and if you are going over 200 average, it's only a condition that does this for you. You don't need to bowl 200 average in most tournaments. In fact if you ask a guy going to most conditions with a 210 average, in most tournaments they make the conditions difficult.

So you are really handicapping — the person that has the league average of 210 is operating under an adverse situation for sure. But you are opening up a big barrel of problems here because most of your bowlers are going to have to be rerated under this rule.

MACPHERSON: Speaking for the Rules committee, the question at hand is not whether or not the individual is subject to resetting himself or whether anybody has ever rerated him. The rule as proposed here and recommended for adoption by the board of directors changes the rule that exists already. We are increasing from 190 to 210 as the qualifying point for people subject to rerating themselves. The points that Mr. Gates raised are not relative at all to the question at hand here.

OTERO: Any further discussion? What you have before you is the motion for adoption of proposed amendment No. 12, which does take two-thirds vote. All in favor of the motion signify by saying aye. Opposed, no. By your action you have adopted proposed amendment No. 12.

Proposed amendment 21 would change the time at which a bowler is obligated to adjust his entering average under Rule 203 a and b. And the motion before you is a motion for adoption. All in favor of the motion for adoption of proposed amendment No. 21 signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 21.

Proposed amendment 22 would redefine the procedure by which lineup changes may be made on the two man or team event, and the motion before you is a motion for adoption. All in favor of the adoption of proposed amendment No. 22, signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 22.

Proposed amendment 23, the last amendment, would eliminate the requirement to specify a team must have a minimum number of bowling balls. All in favor signify by saying aye. Opposed, no. By your action you have adopted proposed amendment 23.

Now we have some resolutions. The first is by the Rules committee.

Whereas, the resolution was adopted by the delegates in convention in Baltimore on March 19, 1982 to provide for tests which were conducted during the 1982-83 season relative to possible solutions to the problem concerning the pace of bowling; and

Whereas, the need for more in depth testing is deemed to be necessary; now, therefore, be it resolved by the delegates at the 1983 convention that the committee of ABC, currently working in conjunction with WIBC, proprietors and equipment manufacturers, be authorized to continue testing these various procedures to improve the pace of bowling in sanctioned leagues during the 1983-84 season and to permit modifications or variances in existing ABC rules for leagues participating in the test program.

All in favor of the resolution signify by saying aye. Oppose, no. By your action you have adopted the resolution.

The next resolution is by the New Equipment committee.

Whereas, the delegates of the 1977-78 convention authorized the ABC board of directors to amend any provisions currently in the rule book with regard to the lane dressing procedures and to permit any such revision in dressing procedures to be put in force immediately; and

Whereas, research and testing involving the condition of lanes is continuing, be it resolved by the delegates in annual session that if during the 1983-84 season tests demonstrate that revision in the lane dressing procedures are in order, the board shall be authorized to amend the rules governing such lane dressing procedures. The rules amended by the board shall be put in force and effect immediately.

Be it further resolved that any such revision approved by the board under the interim procedure shall be submitted to the delegates at the 1984 convention for ratification by this Board.

All in favor signify by saying aye. Opposed, no. By your action you have adopted the resolution of the New Equipment committee.

We have another resolution from the International Competition committee.

Whereas, the American Bowling Congress desires to obtain membership on behalf of male tenpin bowlers in the United States Olympic Committee; and

Whereas, ABC wishes to qualify individual male bowlers to participate in the Olympic Games and Pan American Games and related events,

Now, therefore, be it resolved that ABC create and foster a National Annual Tenpin Championship tournament for male participants qualifying with the International Olympic requirements as set forth in Rule 26 of the International Olympic Committee and the bylaws of the International Olympic Committee Rule 26.

All those in favor of the resolution signify by saying aye. Opposed, no. By your action you have adopted the resolution of the International Competition committee.

You have in your package a proposed amendment to the Articles of Incorporation. They are dated March 15. Well, our rules require that the Articles of Incorporation propose amendments be filed with the executive secretary 10 days before the delegates' session. Since this is March 18, that's three days. However, since it may be that we would want to proceed with the resolution you just adopted, we wouldn't want to wait another year to amend the Articles of Incorporation. So there's a way we can handle this.

On page 23 of the rule book, there's the safeguard provision that says that if two-thirds of the delegates present are willing to consider what would be a change to the bylaws, at least for this purpose, and it's an undebatable motion, if two thirds would consider, then we can consider it. And I have a resolution to present if you are willing to consider it.

DAVIS: So moved.

TED JASKIE, Brown Deer, Wis.: Second.

OTERO: All in favor to consider this resolution to amend the Articles of Incorporation, signify by saying aye. Opposed, no. Thank you. Now we have this resolution which I will read.

Whereas, the proposed amendment to Articles of Incorporation was filed with the executive secretary-treasurer on March 15, 1983; and

Whereas, the provision in Article 10, Section 4 requires a proposed amendment to the Articles of Incorporation to be filed with the executive secretary-treasurer not less than 10 days before a vote by the delegates can be taken; and

Whereas, the purpose of the notice provision is to afford to the executive secretary-treasurer the opportunity to have the proposed amendment reviewed by the attorneys who represent the ABC; and

Whereas, the attorneys who represent the ABC have in fact reviewed the proposed amendment; and

Whereas, the executive secretary-treasurer has not objected to the late filing of the proposed amendment,

Now, therefore, be it resolved that the provision in the ABC Constitution appearing in Article 10, Section 4 requiring a proposed amendment to the Articles of Incorporation be filed with the executive secretary-treasurer not less than 10 days before a vote of the delegates amy be taken shall be waived for the purpose of voting on the proposed amendment to the Articles of Incorporation, which shall be adverse to Article 8.

This takes a two-thirds vote, because it's a suspension of the Constitution for this limited purpose of this vote. All in favor, signify by saying aye. Opposed, no. All opposed signify by saying no. You have adopted the resolution.

Now then what we need is a vote to amend the Articles of Incorporation. That's what the proposed amendment says. All in favor of the proposed amendment signify by saying aye. Opposed, no.

Mr. President, that concludes my portion of the legislative session. Thank you very much.

VOICE: I know I not only speak for myself, but I would like to commend the gentleman that presided here today for doing a clearly excellent job. He deserves applause.

PRESIDENT JOHNSON: Jack Otero. We now have Jack Hinton to make a report on the Ballot committee.

HINTON: There were 1230 delegates registered and 83 ABC directors for a total vote of 1313. There were 18 write-in votes, seven invalid ballots. Total ballots cast, 1169. There were 119 no votes. So the slate carried as recommended by the Nominating committee.

PRESIDENT JOHNSON: The next item on the agenda is the presentation in recognition of the NBC, to be given by Paul O. Mohn, president of the Budget and Finance committee.

MOHN: Whereas, the delegates in annual session at the 1982 ABC convention authorized an amount not to exceed $250,000 to be made available to the National Bowling Council for the 1983-84 fiscal year upon approval of the board of directors; and

Whereas, the ABC, WIBC, BPAA, AMF and Brunswick have each committed an equal amount for that season and annually to the NBC Promotion Fund; and

Whereas, this promotion fund has greatly advanced the sport of bowling with the general public; and

Whereas, noticeable progress has been made in the game and ABC membership; and

Whereas, because of the necessity of long range planning which often requires the allocation of funds more than one year in advance,

Now therefore, be it resolved by the 1983 delegates that upon recommendation of the Finance and Budget committee and approval by the ABC board an amount not to exceed $250,000 may be made available to the Council during the 1984-85 fiscal year, providing the WIBC, BPAA and the two major manufacturers make equal contribution during that fiscal year.

Mr. President, on behalf of the Finance and Budget committee and the board of directors of the American Bowling Congress, I move the adoption of the resolution.

PRESIDENT JOHNSON: It's been seconded by Jerry Ladwig, St. Louis. All those in favor of the motion, signify by saying aye. Those opposed, no. By your action you have approved the resolution. Based on the announcement of the Ballot committee, I declare the election official.

MOORE: It gives me a great deal of pleasure on behalf of the membership of the Congress, Julian, to give to you the pin which is emblematic of your status as a life member. With it goes some little bit of hesitation. Those of us who wear the pin will by no means condone your stopping work now. So put the pin in your pocket or in your bureau drawer and don't wear it until Aug. 1.

PRESIDENT JOHNSON: Thank you very much, Jack. I always thought that the past president pin was one of the most beautiful pins, until I got the president's pin, but then after looking at the pin for a while, this is a beautiful thing, it really is. I am really going to enjoy this to no end. Thank you very much.

Now I would like to call Wes Bogle to the podium. Wes, based on the announcement of the Ballot committee and the announcement making it official, I have a pin for you. It says the president's pin, and I would like to say to you as Jack said to me, this pin I will give to you now, with the assurance from you that you will not wear it, even in the privacy of your own bathroom, until Aug. 1.

BOGLE: Thank you very much, Julian. You know, gentlemen, I was sitting here a couple hours just wanting to make sure that the election came out the way that it did. We did decide, we being the Convention Activities committee, sometime ago because of the lengthy number of amendments we had today that the president-elect would make his acceptance speech at the President's Dinner Dance.

PRESIDENT JOHNSON: Is there any unfinished business that should be brought before the convention? If not, is there any new business that should be brought before the convention? Jerry Koenig.

KOENIG: Mr. President, I move that all of the acts of the American Bowling Congress, its officers, agents, directors and servants in the furtherance of business since the last annual meeting of the American Bowling Congress be approved and ratified. Seconded by William Johnson, Ozaukee County, Wis.

PRESIDENT JOHNSON: All those in favor of the motion, signify by saying aye. Those opposed, no. Is there any other new business to bring before the convention?

ED SWEENEY, St. Louis: I move we adjourn.

PRESIDENT JOHNSON: We haven't gotten to that part yet. You're too anxious. Gentlemen, I thank you very, very much for being a wonderful, wonderful group. You have considered each and every one of the amendments carefully, thoroughly and you have expressed your opinions and I certainly appreciate the time and the effort that you have put into the study behind each of these. Now, Ed.

SWEENEY: I move we adjourn.

PRESIDENT JOHNSON: All those in favor of the adjournment, signify by saying aye. Those opposed, no.

(Convention adjourned at 3:25 p.m.)

Condensed Financial Report 1982-83

Balance Sheet

ASSETS

Current Assets:	As of July 31, 1983
Cash	$ 270,827
Investments, at cost which approximates market	5,044,817
Accounts receivable, less allowance for doubtful accounts of $1,500	193,072
Award inventory	91,161
Printed matter	433,295
Prepaid expenses and other	215,506
Total current assets	6,248,678
Investment in Bowlers' Building Corporation (Note 2c)	2,032,248
Note Receivable From Young American Bowling Alliance, Inc. (Note 6)	100,000
Less — Reserve for note receivable	(100,000)
Property and Equipment (Note 2b)	
Tournament equipment	1,201,343
Office furniture, equipment and other	770,871
	1,972,214
Less — Accumulated depreciation	(1,271,121)
Net property and equipment	701,093
Total assets	$8,982,019

LIABILITIES AND FUND BALANCE

Current Liabilities:	
Accounts payable	$ 380,886
Due associations and others	71,945
Other accrued liabilities	118,349
Tournament deposits (Note 2f)	984,442
Total current liabilities	1,555,622
Reserve for Indemnification of National Bowling Hall of Fame	500,000
Fund Balance (Note 2a)	6,926,397
Total liabilities and fund balance	$8,982,019

Statement of Changes in Financial Position

Sources of Working Capital:	For the Year Ended July 31, 1983
Operations -	
Net income	$1,857,890
Depreciation	228,779
Reserve for note receivable	100,000
Working capital provided from operations	2,186,669
Retirement of equipment	78,946
Total working capital provided	2,265,615
Applications of Working Capital:	
Additions to property and equipment	140,862
Increase investment in Bowlers' Building Corporation	117,829
Other	2,276
Total working capital applied	260,787
Increase in working capital	$2,004,828
Increase (Decrease) in Components of Working Capital:	
Current Assets -	
Cash	$ 191,677
Investments	2,411,930
Accounts receivable, net	(206,876)
Inventory	91,161
Printed matter	(70,790)
Prepaid expenses and other	37,681
Notes receivable	(5,000)
Current Liabilities -	
Due to banks	153,812
Accounts payable	402,871
Due associations and others	2,404
Other accrued liabilities	(68,684)
Tournament deposits	(984,442)
Association deposits for computer purchases	48,084
Increase in working capital	$2,004,828

Statement of Income and Expenses and Changes in Fund Balance

Income:	For the Year Ended July 31, 1983
Membership dues	7,308,237
National Tournament (Exhibit II)	2,935,713
Magazine revenue and advertising (Note 2d)	526,511
Income from investments	391,691
Other	127,957
Total income	11,290,109
Expenses (Exhibit I):	
Membership services	2,739,558
National Tournament (Exhibit II)	2,836,506
Office and general	2,167,508
Public relations and promotion	591,939
Bowling magazine	564,627
Field services	387,601
Data processing	338,945
Research and testing	157,950
Total expenses	9,784,634
Less — Charges to other bowling organizations	(352,415)
Net expenses	9,432,219
Net Income	1,857,890
Fund Balance, beginning of year	5,068,507
Fund Balance, end of year (Note 2a)	$ 6,926,397

Exhibit II — Schedule of Tournament Income and Expenses

Income:	For the Year Ended July 31, 1983
Entry Fees -	
Regular team	$ 356,600
Doubles	349,580
Singles	349,580
All events	166,440
Tournament expense fee	1,055,760
Total entry fees received	2,277,960
Master and Pro-Am income	174,328
Tournament site subsidy	150,000
Income from investments	99,109
Other income	134,316
Total income	2,935,713
Expenses:	
Prizes -	
Cash prizes distributed	1,214,577
Championship medals and trophies	4,429
Total prizes	1,219,006
Construction, installation and equipment cost	465,210
Operating payroll and outside services	442,148
Other direct costs	114,720
Program expenses	28,306
Equipment depreciation expense	128,873
Masters and Pro-Am expenses	250,455
General expenses	187,779
Total expenses	2,836,506
Net tournament income	$ 99,207

Exhibit I — Schedule of Departmental Expenses for the Year Ended July 31, 1983

	Membership Services	Office and General	Public Relations & Promotion	Bowling Magazine	Field Services	Data Processing	Research & Testing	Total
Salaries	$939,096	$345,866	$147,892	$39,202	$204,636	$174,611	$102,530	$1,853,833

NOTES TO FINANCIAL STATEMENTS

1. Corporate Organization

The American Bowling Congress (ABC) is organized to adopt and enforce uniform laws, rules, qualifications, conditions and methods of playing the game of American Tenpins, to govern bowlers, teams, leagues and tournaments in its membership, to increase an interest in the bowling game and to exercise care and supervision over all affiliated bowling organizations, associations and establishments in the Western Hemisphere.

2. Summary of Significant Accounting Policies

(a) Method of accounting -
The books of account of ABC are maintained on the accrual basis.

(b) Property and equipment -
The cost of property and equipment acquired is depreciated using the straight-line method of depreciation. Tournament equipment is depreciated over an eight year life and office furniture and equipment over 5-10 years.

(c) Investment in Bowlers' Building Corporation -
ABC's investment in the Bowlers' Building Corporation (BBC) is accounted for using the equity method. Summarized financial information for BBC for fiscal 1983 is shown below:

	As of July 31, 1983
Cash	$ 2,575
Receivables	38,389
Property and equipment (less accumulated depreciation)	4,211,954
Total assets	$4,252,918
Contract retainage	$ 25,826
Accounts payable	35,972
Real estate tax accrual	126,623
Equity -	
American Bowling Congress (ABC)	2,032,248
Women's International Bowling Congress (WIBC)	2,032,249
Total liabilities and equity	$4,252,918

	For the Year Ended July 31, 1983
Operating expenses	$ 617,311

(d) Magazine revenue and advertising -
Magazine revenue and advertising includes an allocation of membership dues and certification fees of $248,424 and $17,134, respectively. This revenue relates to magazine subscriptions issued to each ABC league and certified bowling establishment and is based on half of the full subscription price.

(e) Fund balance -
The fund balance is composed of two separate funds, the operating and the tournament, detailed below:

	Operating	Tournament	Total
Balance (deficit), July 31, 1982	$ 5,073,080	$ (4,573)	$ 5,068,507
Net income	1,758,683	99,207	1,857,890
Balance, July 31, 1983	$6,831,763	$94,634	$6,926,397

The budget and finance committee designates portions of the operating fund for specific purposes. At July 31, 1983, the operating fund consists of the following:

Designated funds -	
Lane finish development	$ 500,000
Education and promotion	150,000
Organization structure study	150,000
General fund	100,000
International competition	75,000
Young American Bowling Alliance, Inc.	70,000
Hall of Fame contingency fund	10,000
	1,055,000
Fund balance not designated	5,776,763
	$6,831,763

(f) Tournament deposits -
Reservation money is collected from teams for the 1984 national tournament. Amounts received and any interest earned are both deferred as the funds are to be used exclusively for the 1984 tournament.

3. Income Tax Status

The Internal Revenue Service has issued a determination letter dated Nov. 6, 1970, granting ABC an exemption from Federal income taxes. ABC also is exempt from Wisconsin and Illinois income taxes.

4. Pension Plan

ABC employees are covered under the "ABC Retirement Plan." ABC's policy is to fund pension costs accrued. The total pension cost for fiscal 1983 was $145,012 of which $21,429 was charged to the Young American Bowling Alliance, Inc. A summary of selected plan information as of Oct. 1, 1982, the date of the latest actuarial valuation, is set forth below:

Present value of accumulated plan benefits:	
Vested	$2,750,240
Nonvested	140,136
Total	$2,890,376
Net assets available for benefits	$3,851,797
Actuarial cost method	Frozen Entry Age
Investment return assumed	8%

Under the provisions of Statements of Financial Accounting Standards Nos. 35 and 36, the actuarial present value of accumulated plan benefits reflects employee salaries earned to date and does not consider the impact of future salary increases from inflation or otherwise. Plan assets exceed the above-described actuarially computed present value of accumulated plan benefits primarily because ABC's funding policy, in accordance with the recommendations of ABC's actuary and commonly recognized funding techniques, considers such future salary increases.

In 1983, changes were made in the assumed rate of investment return, anticipated future salary increases and other actuarial assumptions to reflect present economic conditions and plan experiences. The changes reduced total 1983 pension expense by $92,457 over the former assumptions.

5. Guaranty

During 1982, the Bowling Redevelopment Corporation, a fully owned subsidiary of National Bowling Hall of Fame and Museum, Inc., entered into a construction loan agreement with Centerre Bank of St. Louis, making available a $2.5 million line of credit. This is to be used in constructing the Hall of Fame. The ABC and the WIBC each have agreed to guarantee any borrowings under this line. As of July 31, 1983, a total of $354,021 has been borrowed under the line.

6. Note Receivable

The note receivable from the Young American Bowling Alliance, Inc. is interest free and has a due date of Aug. 1, 1983, which was subsequently extended to Aug. 1, 1984. It is management's intent to not call for payment on the note, and formal committee action extending payment terms is planned. Since eventual collection of the note is not anticipated at this time, the note has been fully reserved in 1983.

7. Line of Credit

ABC has a bank line of credit arrangement in the amount of $500,000. There are no compensating balance arrangements. There were no borrowings under this line at July 31, 1983, or during the year then ended.

To the Board of Directors of American Bowling Congress:

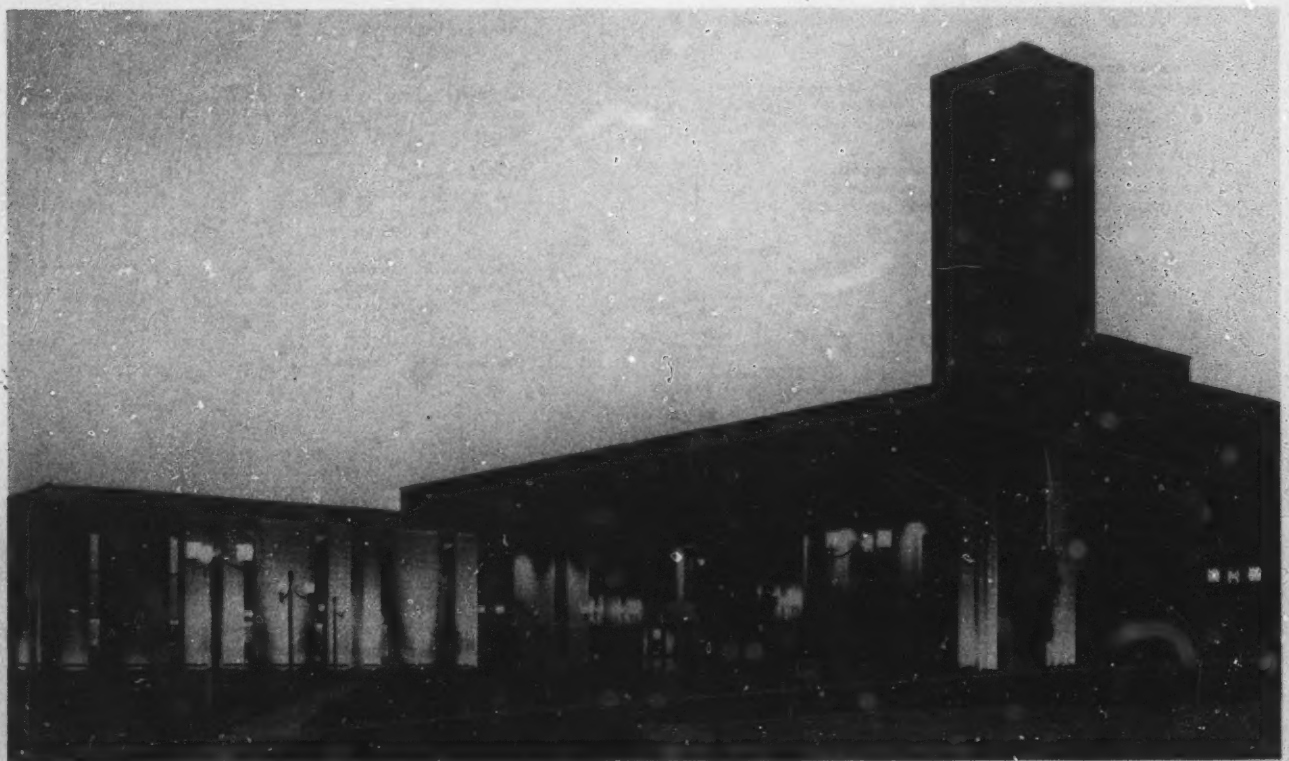
We have examined the balance sheet of American Bowling Congress (an Illinois corporation without capital stock and not-for-profit) as of July 31, 1983, and the statements of income and expenses and changes in fund balance and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of American Bowling Congress as of July 31, 1983, and the results of its operations and the changes in its financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules (Exhibits I and II) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,
ARTHUR ANDERSEN & CO.
Certified Public Accountants

Milwaukee, Wisconsin
September 9, 1983.



Bowling Headquarters in Greendale houses the American Bowling Congress, Women's International Bowling Congress and the Young American Bowling Alliance.

Summary of Dues and Fees for 1982-83

State	Membership Dues	Lane Fees	Total	Leagues	Teams	Assns.	Playing Strength
